Philosophical And Theological Papers 1958 1964:

Collected Works of Bernard Lonergan: Philosophical and theological papers, 1958-1964 Bernard J. F.

Lonergan, Frederick E. Crowe, Robert M. Doran, Lonergan Research Institute, 1988-01-01 The period during which Bernard Lonergan delivered the eleven lectures in this volume was one of important transition for him he was moving rapidly toward a new conception of theology and its method and he was on the verge of what is now recognized as a major breakthrough in his thought on method the idea that came to him in February 1965 of the eight functional specialities While the lectures maintain a continuity with Lonergan's previous work they also reveal new and significant ideas especially in regard to his drive toward a new conception of theology as a whole and his particular concern for the relevance of theology to the spiritual life The lectures here include The Redemption Method in Catholic Theology The Philosophy of History The Origins of Christian Realism Time and Meaning Consciousness and the Trinity Exegesis and Dogma The Mediation of Christ in Prayer The Analogy of Meaning Philosophical Positions with Regard to Knowing and Theology as Christian Phenomenon This volume provides a key to understanding the development of Lonergan's philosophical and theological thought his major influences and the pivotal moments of transition in the road leading up to *Method in Theology* and beyond **Collected Works**

understanding of the Good News this book provides a way of better construing the Christian message It begins with the church fathers continues with the medieval thinkers and covers modernity's doubters who published critiques of faith and elaborated new conceptions of faith It thus surveys the various theological methods that were employed over two thousand years of Christian experience The principal theologians and philosophers that are presented here are Augustine Thomas Aquinas Schleiermacher Lonergan Ric ur Congar and Geffre The author also presents several modern authors nuanced assessments of historicity which fashioned and are still fashioning a large variety of cultures This sense of history has allowed scholars to appreciate both the particular and the permanent in religious studies that convey meanings The originality of the author of this volume consists in combining a competence in systematic interpretations with an expertise in pastoral theology In addition readers will find in these pages a living ecumenical dialogue characterized by correct construals of those others whose understandings of religion may appear as contradicting one's own views **The Eucharistic Vision**

of Laudato Si Lucas Briola, 2022-12-28 No other encyclical has generated as much conversation both Catholic and non

Catholic as Laudato si Often forgotten in these conversations is the theological heart and eucharistic vision of the encyclical and its integral ecology Even the title of Laudato si Praised be signals the centrality of right praise in caring for our common home Using Bernard Lonergan s theology of history this book unearths the doxological eucharistic vision that shapes the encyclical s integral presentation of social and ecological conversion It offers the first book length study that recovers the eucharistic nature of Laudato si In drawing out the eucharistic vision of Laudato si the book accomplishes several feats for the reader It roots the eucharistic dimensions of the encyclical in the writings of Popes John Paul II and Benedict XVI showing how Pope Francis develops their thought in notable ways It introduces Bernard Lonergan s theology of history showing how his framework can capture the eucharistic contours of caring for our common home so too in light of Laudato si does the book expand his theology of history to incorporate both ecological concern and the doxological eucharistic essence of the church The book assembles a liturgically shaped systematic account of the church s social mission It joins poles otherwise sundered in a polarized church and world between worship and justice between concerns for human life and concerns for the natural world Realizing the eucharistic vision of Laudato si promises much for our contemporary moment Pope Francis recently observed that the integral ecology of Laudato si holds the key for the world s recovery from the COVID 19 pandemic The U S Catholic Bishops recently launched a Eucharistic Revival that aims to rekindle eucharistic devotion and praxis The Eucharistic Vision of Laudato Si Praise Conversion and Integral Ecology supplies a timely study that helps fulfill these intertwined calls

Rethinking Christian Forgiveness James K. Voiss,2015 Is there such a thing as Christian Forgiveness Christians speak as though there is But what would it be How would it differ from forgiveness as a basic human enactment And if there is a distinctive Christian forgiveness what might it have to say to our world today To answer these questions the present work traverses three distinctive intellectual landscapes continental philosophy Anglo American moral philosophy and psychology to establish a phenomenology of forgiving before turning to contemporary Christian literature The multilayered dialogue that ensues challenges the assumptions of contemporary approaches secular and Christian and invites the reader to rethink the meaning of Christian forgiveness
