## **Power Into Art:**

Symbols of Power in Art Paola Rapelli, 2011 This volume examines the ways that sovereign rulers have employed well defined symbols attributes and stereotypes to convey their power to their subjects and rivals as well as to leave a legacy for subsequent generations to admire Legendary rulers from antiquity such as Alexander the Great Julius Caesar and Constantine have been looked to as models for their display of imperial power by the rulers of later eras From medieval sovereigns such as Charlemagne and France's Louis IX to the tsars of Russia and the great European royal dynasties of the Hapsburgs the Bourbons and the Tudors the rulers of each period have appropriated and often embellished the emblems of power employed by their predecessors Even the second tier lords who ruled parts of France and Italy during the Renaissance such as the dukes of Burgundy the Gonzaga of Mantua and the Medici of Florence became adept at manipulating this imagery The final chapter is reserved for Napoleon I perhaps the ultimate master of symbolic display who assumed the attributes of Roman emperors to project an image of eternal and immutable authority The author examines not only regal paraphernalia such as crowns scepters thrones and orbs but also the painted portraits sculptures tapestries carved ivories jewelry coins armor and eventually photographs created to display their owner's sovereign power a vast collection of works that now forms a significant portion of the cultural heritage of Western civilization

**Faith and Power in Japanese Buddhist Art, 1600-2005** Patricia J. Graham, 2007-09-30 Faith and Power in Japanese Buddhist Art explores the transformation of Buddhism from the premodern to the contemporary era in Japan and the central role its visual culture has played in this transformation Although Buddhism is generally regarded as peripheral to modern Japanese society this book demonstrates otherwise Its chapters elucidate the thread of change over time in the practice of Buddhism as revealed in temple worship halls and other sites of devotion and in imagery representing the religion's most popular deities and religious practices It also introduces the work of modern and contemporary artists who are not generally associated with institutional Buddhism and its canonical visual requirements but whose faith inspires their art The author makes a persuasive argument that the neglect of these materials by scholars results from erroneous presumptions about the aesthetic superiority of early Japanese Buddhist artifacts and an asserted decline in the institutional power of the religion after the sixteenth century She demonstrates that recent works constitute a significant contribution to the history of Japanese art and architecture providing evidence of Buddhism's compelling presence at all levels of Japanese society and its evolution in response to the needs of new generations of supporters

A Companion to Art Theory Paul Smith, Carolyn Wilde, 2008-04-15 The Companion provides an accessible critical survey of Western visual art theory from sources in Classical Medieval and Renaissance thought through to contemporary writings

**Debates in Art and Design Education** Nicholas Addison, Lesley Burgess, 2012-11-12 Debates in Art and Design Education encourages student and practising teachers to engage with contemporary issues and developments in learning and teaching It introduces key issues concepts and tensions in order to

help art educators develop a critical approach to their practice in response to the changing fields of education and visual culture Accessible comprehensive chapters are designed to stimulate thinking and understanding in relation to theory and practice and help art educators to make informed judgements by arguing from a position based on theoretical knowledge and understanding Contributing artists lecturers and teachers debate a wide range of issues including the latest policy and initiatives in secondary art education the concepts skills and dispositions that can be developed through art education tensions inherent in developing the inclusive Art and Design classroom partnerships across the visual arts sector creativity in the Art and Design curriculum visual art and globalisation establishing the significance of Design art practice as educational research Debates in Art and Design Education is for all student and practising teachers interested in furthering their understanding of an exciting ever changing field and supports art educators in articulating how the subject is a vital engaging and necessary part of the twenty first century curriculum Each chapter points to further reading and each section suggests reflective questions to help shape art educators teaching In particular Debates in Art and Design Education encourages art educators to engage in research by providing an essential introduction to critical thinking around contemporary debates

**The Routledge Companion to Art and Activism in the Twenty-First Century** Lesley Shipley, Mey-Yen Moriuchi, 2022-12-30 The Routledge Companion to Art and Activism in the Twenty First Century brings together a wide range of geographical cultural historical and conceptual perspectives in a single volume of new essays that facilitate a deeper understanding of the field of art activism as it stands today and as it looks towards the future The book is a resource for multiple fields including art activism socially engaged art and contemporary art that represent the depth and breadth of contemporary activist art worldwide Contributors highlight predominant lines of inquiry uncover challenges faced by scholars and practitioners of activist art and facilitate dialogue that might lead to new directions for research and practice The editors hope that the volume will incite further conversation and collaboration among the various participants practitioners and researchers concerned with the relationship between art and activism The audience includes scholars and professors of modern and contemporary art students in both graduate and upper level undergraduate programs as well as artists curators and museum professionals Each chapter can stand on its own making the companion a flexible resource for students and educators working in art history museum studies community practice socially engaged art political science sociology and ethnic and cultural studies Chapter 17 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com>
