Witch Lisa Lister, 2017-05-09 A compelling book urging modern women to reconnect with their inborn feminine powers. Reclaim your inner witch with the magical rituals, divination tools, spells, and ancient wisdom in this revolutionary book. A witch is a woman in her power. She's wise, a healer, someone who is aligned with the cycles of Mother Nature and the phases of the Moon. Yet for so long, the word witch has had negative connotations, being used as an insult, a slur, and to perpetuate fear. In this book, third-generation hereditary witch Lisa Lister explains the history behind witchcraft, why in past centuries the word witch has led women to be tortured, drowned, and burned at the stake, and why the witch is now waking once again in women across the world today. This book will help women to remember, reconnect, and reclaim the word witch and its power. It explores the many different versions of witchcraft and their core principles and practices and shares ancient wisdom made relevant for waking witches, including how to align your energy with the wheel of the year, the sabbats, and the cycles of the Moon. Connect with and trust your intuition. Use divination tools such as oracle cards, scrying, and rune reading. Cast circles, create altars, and set sacred space. Work with the elements of nature and use herbs and crystals. Discover and work with five different aspects of the witch: the Force of Nature, the Creatrix, the Healer, the Oracle, and the Sorceress. Rediscover your powers and manifest your reality with spell casting. Lisa also shares her own journey to reclaiming the word witch, along with personal hands-on rituals and spells from her family lineage of gypsy witch magic.
