Power Of The Powerless:

The Power of the Powerless Václav Havel, 2018-09-27 Václav Havel's remarkable and rousing essay on the tyranny of apathy with a new introduction by Timothy Snyder Cowed by life under Communist Party rule a greengrocer hangs a placard in their shop window Workers of the world unite Is it a sign of the grocer's unerring ideology Or a symbol of the lies we perform to protect ourselves Written in 1978 Václav Havel's meditation on political dissent the rituals of its suppression and the sparks that re-ignite it would prove the guiding manifesto for uniting Solidarity movements across the Soviet Union A portrait of activism in the face of falsehood and intimidation The Power of the Powerless remains a rousing call against the allure of apathy Havel's diagnosis of political pathologies has a special resonance in the age of Trump Pankaj Mishra **The Power of the Powerless (Routledge Revivals)** Václav Havel, 2009-11-05 Books of great political insight and novelty always outlive their time of birth and this reissued work initially published in 1985 is no exception Written shortly after the formation of Charter 77 the essays in this collection are among the most original and compelling pieces of political writing to have emerged from central and Eastern Europe during the whole of the post-war period Václav Havel's essay provides the title for the book It was read by all the contributors who in turn responded to the many questions which Havel raises about the potential power of the powerless The essays explain the anti-democratic features and limits of Soviet-type totalitarian systems of power They discuss such concepts as ideology democracy civil liberty law and the state from a perspective which is radically different from that of people living in liberal western democracies The authors also discuss the prospects for democratic change under totalitarian conditions Steven Lukes introduction provides an invaluable political and historical context for these writings The authors represent a very broad spectrum of democratic opinion including liberal conservative and socialist Leaves Brownlow North, 1896 New Testament Miracle Stories in Ghanaian Mother-Tongues Abraham Boateng, 2024-08-06 This book examines the translations of selected miracle stories from the Hebrew Bible Septuagint LXX and the Greek New Testament into selected Ghanaian mother-tongues considering possible shifts of meaning that occur in translating 1 Kings 18:25-38 Mark 9:14-29 and Luke 7:11-17 are used as case studies The author draws out semiotic hermeneutical nuances of these texts as they are understood in the Ghanaian context and addresses questions in the field of Biblical studies concerning the relevance of intercultural hermeneutics for current trends in Ghanaian Christianity Particularly important is the high premium placed on miracles in present-day Ghanaian spirituality making a careful analysis of these stories particularly relevant for the Ghanaian audience The study also explores several factors that influence the translation process and have a bearing on the reception and use of the text It follows the growing calls for a shift in African Biblical hermeneutics from the theological heritage of Europe and America to the emerging theological trajectories of Africa This post-colonial shift re-examines the translated text moving from what the text might have meant to what the text might mean in Africa *Heiliger Krieg* Manuel Vogel, 2024-11-25 Der Band versammelt Beiträge zum Thema des Heiligen Krieges
