## **Power Privilege And The Post The Katharine Graham Story:**

*Power, Privilege and the Post* Carol Felsenthal, 2011-01-04 Katharine Graham's story has all the elements of the phoenix rising from the ashes and in Carol Felsenthal's unauthorized biography *Power Privilege and the Post* Graham's personal tragedies and triumphs are revealed. The homely and insecure daughter of the Jewish millionaire and owner of The Washington Post Eugene Myer Kay married the handsome brilliant and power hungry Phillip Graham in 1940. By 1948 Kay's father had turned control of The Washington Post over to Phil who spent the next decade amassing a media empire that included radio and TV stations. But as Felsenthal shows he mostly focused on building the reputation of the Post and positioning himself as a Washington power player. Plagued by manic depression Phil's behavior became more erratic and outlandish and his downward spiral ended in 1963 when he took his own life. Surprising the newspaper industry Kay Graham took control of the paper beginning one of the most unprecedented careers in media history. Felsenthal weaves her exhaustive research into a perceptive portrayal of the Graham family and an expert dissection of the internal politics at the Post and a portrait of one of a unique tragic and ultimately triumphant figure of twentieth century America. *Power, Privilege, and the Post* Carol Felsenthal, 1993 Katharine Graham has been called the most powerful woman in the world and she is perhaps one of the richest. In the wake of her decision to print the Pentagon Papers she became the most famous newspaper publisher in America. During the Watergate investigation Richard Nixon's attorney general John Mitchell threatened Katie Graham is gonna get her tit caught in a big fat wringer if that's published. She didn't flinch and became to many a figure of awe. There's one word that brings us all together here tonight Art Buchwald announced at her seventieth birthday party in 1987 and that word is fear. The scores of luminaries gathered for the event senators CEOs Supreme Court justices columnists movie stars Cabinet secretaries even the president of the United States laughed appreciatively. The laughter of some was tinged with amazement for they knew her when her husband Philip Graham Harvard Law graduate clerk to Justice Felix Frankfurter pal of JFK and LBJ a dazzler who had Washington eating from his palm ran The Washington Post which her father had given him. They would never have imagined that the timid wife who walked two steps behind her husband a big brown wren one friend called her could become the radiant woman toasted affectionately by Ronald Reagan. Kay Graham had grown up in a house staffed by servants. Her father Eugene Meyer preoccupied by affairs of state and the economy he headed the Federal Reserve Board and held other important posts was a Wall Street millionaire turned public servant par excellence who became a newspaper publisher when he bought the bankrupt Washington Post in 1933. Her mother Agnes Meyer sort of a Viking as Kay remembered her very bright and utterly contemptuous of everybody else tirelessly promoted her friendships with the likes of Auguste Rodin Thomas Mann John Dewey and Adlai Stevenson but alternately ignored and belittled her children. Marriage to a man once described as Agnes Meyer in men's clothes left Kay shrinking in the background until the summer day in 1963 when Phil Graham killed himself and she was forced to take over.

the company Power Privilege and the Post is the story of how Kay Graham grew through sheer determination at first anxiously dependent on the often patronizing men around her then stunningly cruel as she fired one after another of her top editors and executives and finally triumphant as she built a spectacularly profitable conglomerate and a newspaper that grew to have international influence
