Power Of Women The Subversion Of The C:

Wahrnehmung und Herstellung von Geschlecht Ursula Pasero, Friederike Braun, 2013-07-01 Im Zentrum der interdisziplinären Genderforschung steht die Frage wie soziale Wahrnehmung zur Konstruktion von Geschlecht beiträgt. Die teils theoretisch teils empirisch angelegten Beiträge diskutieren aus historischer literaturwissenschaftlicher linguistischer naturwissenschaftlicher soziologischer und sozialpsychologischer Sicht wie Frauen und Männer wahrgenommen und bewertet werden und welche Eigenschaften und Verhaltensweisen den Geschlechtern zugeschrieben werden. Sind Geschlechterdifferenzen das Ergebnis geschlechtstypischen Verhaltens oder lassen sie sich eher auf geschlechtsstereotype Vorstellungen und Erwartungen zurückführen? Die Vielfalt der hier eingenommenen Perspektiven behandelt die Komplexität der sozialen Konstruktion von Geschlecht in der die Wahrnehmung und Herstellung von Geschlecht unabdingbar wechselseitig miteinander verbunden sind.

Performing the Body/Performing the Text Amelia Jones, Andrew Stephenson, 2005-08-12 This book explores the new performativity in art theory and practice examining ways of rethinking interpretive processes in visual culture. Since the 1960s visual art practices from body art to minimalism have taken contemporary art outside the museum and gallery by embracing theatricality and performance and exploding the boundaries set by traditional art criticism. The contributors argue that interpretation needs to be recognised as much more dynamic and contingent. Offering its own performance script and embracing both canonical fine artists such as Manet, De Kooning and Jasper Johns and performance artists such as Vito Acconci and Gunter Brus, this book offers radical readings of art works and points confidently towards new models for understanding art.

Women and Development Ashok Kumar, 2005. Demographically Women constitute near half of total population. Despite that they are maltreated and are considered weaker sex. They face wide discrimination on almost all walks of life. According to an estimate globally some 7 lakh women get trafficked each year within or across international borders. The cause for concern is that large majority of them are compelled into international sex trade often by force, fraud or coercion. Various studies indicate that traffickers primarily target women and girls who are disproportionately affected by poverty and lack access to education, chronic unemployment, discrimination and the lack of economic opportunities. In countries of origin is often a blessing in disguise for traffickers who lure women and girls into their networks through false promises of decent working conditions at relatively good pay as maids, dancers, factory workers, sales clerks, models etc. This work in two volumes gives an authoritative account of women and vital issues pertaining to their development.

Disarming Patriarchy Sasha Roseneil, 1995. In *Disarming Patriarchy* Sasha Roseneil examines the ways in which feminists can resist and transform relations of male domination and female subordination. It is an important contribution to the debates which surround feminism, politics, identity, sexuality and militarism. It is also about one of the most momentous social movements of the twentieth century, a movement which galvanized into action hundreds of thousands of women confronting patriarchal

ideas and challenging the foundations of militarism Disarming Patriarchy is the first in depth sociological study of the Greenham Common Women s Peace Camp and is an important contribution to the understanding of women s agency and feminist politics and to the analysis of contemporary social movements Disarming Patriarchy is important reading for students of women s studies sociology politics and international relations and for everyone interested in our recent social history
