Practical Dictionary Of The Coast Tsimshian La:

A Practical Dictionary of the Coast Tsimshian Language John Asher Dunn, 1978 Over 2250 entries giving practical transcription morphological information English glosses and phonetic transcription showing local variants **Canadian Reference Sources** Mary E. Bond, Martine M. Caron, 1996 This bibliography cites those Canadian and foreign reference sources that describe Canadian people institutions organizations publications art literature languages and history It lists books of a general nature as well as works in the disciplines of history and the humanities These large divisions are then broken down by subject genre type of document and province or territory Titles of national provincial territorial or regional interest are included in every subject area when available The contents of the book are indexed four ways by name title French subject and English subject And to facilitate browsing the major reference books those dealing with more than one subject or a large geographical region are also cross referenced Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages Entries for unilingual works include citation in the language of the publication and a bilingual annotation The annotations are descriptive and provide information on the content arrangements and indexing of works the availability of non print formats previous editions and title changes and related works Canadian Reference Sources will be an invaluable reference tool for future scholars and researchers Acaohkiwina and Acimowina Robert A. Brightman, 1989-01-01 Narratives from different genres of Rock Cree oral literature in northwestern Manitoba together with interpretive and comparative commentary are presented Published in English *Phonology, morphology, and classified word list for the Samish dialect of Straits Salish* Brent Douglas Galloway, 1990-01-01 This volume presents a description of the phonology and morphology of the Samish dialect of the Straits Salish language together with a text and word list classified by semantic domain of the same language The preface discusses the precarious survival of this little documented dialect through the movement of two families from their homeland in the vicinity of Anacortes Washington and adjacent islands to Vancouver Island British Columbia Published in English BIBLIOGRAPHIE linguistique de l'année 1982 H. Borkent, J.J. Beylsmit, Mark Janse, 1985-03-31 A Reference Grammar for the Coast Tsimshian Language John Asher Dunn, 1979 A non technical introduction to the phonology morphology and syntax of Coast Tsimshian as it is currently spoken **Practical dictionary of the Coast Tsimshian language** John Asher Dunn, 1978-01-01 Continuing the work of early researchers like Franz Boas and Amelia Susman this volume offers readers an indexed Coast Tsimshian dictionary where each lexical entry includes a practical transcription morphological description English glosses and phonetic transcriptions illustrating local variations Published in English Power and performance in Gros Ventre war expedition songs Orin T. Hatton, 1990-01-01 This study provides a cultural analysis of power and performance in Gros Ventre war expedition songs Symbolic content of Gros Ventre myth and ritual is elicited as a tool for analyzing particular social relationships that motivate war expeditions as action and value Mythological

and musical analysis combine in an investigation of structural and performance devices that frame song as a system of communication Published in English *Syllable Weight* Matthew Gordon,2007-05-07 The book is the first systematic exploration of a series of phonological phenomena previously thought to be unified under the rubric of syllable weight Drawing on a typological survey of 400 languages it is shown that the traditional conception that languages are internally consistent in their weight criteria across weight based processes is not corroborated by the cross linguistic survey Rather than being consistent across phenomena within individual languages weight turns out to be sensitive to the particular processes involved such that different phenomena display different distributions in weight criteria The book goes on to explore the motivations behind the process specific nature of weight showing that phonetic factors explain much of the variation in weight criteria between phenomena and also the variation in criteria between languages for a single process The book is unlike other studies in combining an extensive typological survey with detailed phonetic analysis of many languages The finding that the widely studied phenomenon of syllable weight is not a unified phenomenon contrary to the established view is a significant result for the field of theoretical phonology The book is also an important contribution to the field of phonetically driven phonology since it establishes a close link between the phonology of weight and various quantitative phonetic parameters **World Dictionaries in Print 1983** ,1983 *Amerindian Rebirth* Canadian Anthropology Society. Meeting,1994-01-01 Until now few people have been aware of the prevalence of belief in some form of rebirth or reincarnation among North American native peoples This collection of essays by anthropologists and one psychiatrist examines this concept among native American societies from near the time of contact until the present day Amerindian Rebirth opens with a foreword by Gananath Obeyesekere that contrasts North American and Hindu Buddhist Jain beliefs The introduction gives an overview and the first chapter summarizes the context distribution and variety of recorded belief All the papers chronicle some aspect of rebirth belief in a number of different cultures Essays cover such topics as seventeenth century Huron eschatology Winnebago ideology varying forms of Inuit belief and concepts of rebirth found among subarctic natives and Northwest Coast peoples The closing chapters address the genesis and anthropological study of Amerindian reincarnation In addition the possibility of evidence for the actuality of rebirth is addressed Amerindian Rebirth will further our understanding of concepts of self identity kinship religion cosmology resiliency and change among native North American peoples **MLA International Bibliography of Books and Articles on the Modern Languages and Literatures** ,1979 Vols for 1969 include ACTFL annual bibliography of books and articles on pedagogy in foreign languages 1969 Proceedings of the Meeting of the Hoka-Penutian Workshop ,2002 World Dictionaries in Print ,1983 **Handbook of North American Indians** ,1978 **Dossier - Musée National de L'homme, Service Canadien D'ethnologie** ,1985 Alaska Native Languages: Indian language Michael E. Krauss,Mary Jane McGary,1980 **Native North American Interaction Patterns** Regna Darnell,1988 Records the proceedings of the Conference on Native North

American Interaction Patterns held at Edmonton in April 1982 Contains papers reflecting the interdisciplinary approach anthropology linguistics education to the nature of language in its social context Topics include ethnography interethnic telecommunications nonverbal behavior Ojibwa s Respectful Talk **Alaska Native Languages** Michael E.
