Indigenous Peoples and the Human Rights-based Approach to Development Cordillera Indigenous Peoples' Legal Centre, United Nations Development Programme (Thailand), 2007 Strong economic growth in the majority of Asian countries has failed to bring significant benefits for indigenous peoples and indeed levels of poverty and dispossession of lands and resources are rising This compilation of analytical studies seeks to examine the development policies of agencies and organisations from a human rights based perspective It is the first step in a dialogue process that seeks to identify modalities for constructive engagement with indigenous peoples Right to Development and Illicit Financial Flows from Africa Serges Djouyou Kamga, Gerard Emmanuel Kamdem Kamga, Arnold Kwesiga, 2024-02-15 Gerard Emmanuel Kamdem Kamga Serges Djouyou Kamga and Arnold Kwesiga explore a relatively new phenomenon namely referred to as illicit financial flows that aim to impoverish the African continent and prevent its economic development There is a direct relationship between illicit financial flows and failed initiatives to realize the right to development on the continent For instance in 2016 Africa received 41 billion towards public development while 50 billion left the continent through illicit financial flows The gap between recent economic achievements on the continent and its state of generalized underdevelopment coupled with rampant poverty corruption prolonged economic crisis and political instabilities signals an issue with resource allocations The systematic theft

of resources by multinational corporations and criminal networks is a hard blow to the idea of people driven development in line with the Pan African vision of an integrated prosperous and peaceful Africa proclaimed by Agenda 2063 Right to Development and Illicit Financial Flows from Africa Dynamics Perspectives and Prospects provides insights into the dynamics and perspectives on illicit financial flows and its dire impacts on the right to development and development initiatives across the continent

Joachim Müller,Karl P. Sauvant,2010-04-15 Since the publication of its first edition in 1950 the Annual Review of United Nations Affairs has stood as the authoritative resource for scholars students and practitioners researching the latest developments of that august body From the insightful introduction prepared each year by a distinguished expert on UN affairs to the full text presentation of reports and resolutions and the helpful subject index ARUNA provides a practical tour of each year s U N actions and debates Theexpert selection of documents by Joachim Muller and Karl Sauvant and the topic based organization of those documents make any researcher s task much easier than the vast searching sorting and pruning required by the U N s website The series topic based organization of the materials and subject index lend invaluable guidance to all researchers ARUNA presents a comprehensive documentation of the work of the UN on an annual basis starting in September of each year with the beginning of the regular sessions of the General Assembly Coverage of the UN s key organs is provided including the General Assembly the Security Council the Economic and Social Council ECOSOC the International Court of Justice and the UN Secretariat In addition selected reports of intergovernmental bodies and expert groups are included Solely official UN documentation is used ARUNA occupies a special place in the publications on the work of the UN it allows readers to obtain an overview ofthe principal developments in its key organs This makes it an important reference source for policy makers and academic researchers The highlight of this year s edition is the introductory essay written by the highly esteemed Jose Antonio Ocampo who is Professor of Professional Practice in International and Public Affairs Director of the Program in Economic and Political Development at the School of International and Public Affairs and Fellow of the Committee on Global Thought ColumbiaUniversity Professor Ocampo previously held the positions of Under Secretary General of the United Nations for Economic and Social Affairs Executive Secretary of the United Nations Economic Commission for Latin America and the Caribbean and Minister of Finance of Colombia In 2009 he was a member of the Commission of Experts of the President of the United Nations General Assembly on Reforms of the International Monetary and Financial System Professor Ocampo is also the author of numerousbooks and articles on macroeconomics policy and theory economic development international trade and economic history His recent publications include *Stability with Growth Macroeconomics Liberalization and Development* with Joseph E Stiglitz Shari Spiegel Ricardo Ffrench Davis and Deepak Nayyar New York Oxford University Press 2006 Professor Ocampo relying on his expertise as a policy economist and his own considerable experience working on economic issues at the United Nations has written an incisive introductory essay focusing on the United Nations and the global economic crisis Professor Ocampo s essay examines the history of the economic policy recommendations of UN institutions and concludes that they have often been more far sighted and accurate

than those of the Bretton Woods Institutions including the World Bank and the International Monetary Fund He applies this analysis in particular to the recent global financial crisis and shows how the Monterrey Consensus of 2002 which once again made the UN a forum for global economic issues gave serious consideration to the concerns of developing countries and set many goals that might have helped to stave off the global financial crisis if they had been more actively pursued Professor Ocampo also examines the UN's role in the wake of the global financial meltdown particularly with regard to the Doha follow up Conference and the Commission of Experts on Reforms of the International Monetary and Financial System convened by the General Assembly and led by Joseph Stiglitz In spite of some resistance to these initiatives from the United States and other developed countries Professor Ocampo advocates in this essay for a more influential role for the UN's institutions in global financial reform especially in light of their superior track record in anticipating economic problems resulting from the inherent tendency of financial markets to experience boom bust cycles The 2008 2009 volumes of ARUNA therefore also devote considerable attention to the financial crisis as well as other international crises Among the documents in the 2008 2009 volumes are the complete General Assembly resolutions as well as the Report and Resolutions of the Security Council and the Economic and Social Council ECOSOC Annual Reports of note include reports of the United Nations Children's Fund UNICEF the UN Development Programme and UN Population Fund the UN High Commissioner for Human Rights the UN High Commissioner for Refugees the UN Relief and Works Agency for Palestine Refugee in the Near East and the World Food Programme Mr Muller and Dr Sauvant have also selected progress reports on key peacekeeping peace building and political missions including those for Afghanistan the Democratic Republic of the Congo Haiti Iraq Kosovo the Middle East Somalia Sudan and West Africa Each annual edition of ARUNA is introduced by a Guest Author a distinguished expert on UN affairs who highlights the outstanding themes of the year in review Together with an overview provided by the editors this introduction is intended to facilitate access to the material and above all to make it easier for users of ARUNA to see the forest for the trees As has been mentioned above ARUNA is fortunate this year to have Jose Antonio Ocampo as the author of its introduction but the roster of distinguished experts who have contributed this introduction in the past is also worthy of mention Jeffrey D Sachs ARUNA 2007 2008 edition Professor Jeffrey D Sachs is Director of the Earth Institute at Columbia University and Special Advisor to the Secretary General of the UN on the Millennium Development Goals Professor Sachs's introduction to ARUNA 2007 2008 was titled Towards a New Global Protocol on Climate Change in which he argued that solving the climate change problem will demand four steps scientific consensus public awareness the development of alternative technologies and a global framework for action He dealt in particular with the science underpinning the negotiations for a new global protocol on climate change as a successor to the Kyoto Protocol Professor Sachs argued that climate change crises can only be solved through the goals leadership and treaty mechanisms of the UN Edward C Luck ARUNA 2006 2007 edition Professor Edward C Luck is UN Special Advisor on the Responsibility to Protect and Vice

President and Director of Studies at the International Peace Academy From 1984 to 1994 he served as President and Chief Executive Officer of the UN Association of the USA UNA USA Professor Luck s introduction to ARUNA 2006 2007 covered The responsible sovereign and the responsibility to protect in which he addressed the scope and content of what was agreed at the 2005 World Summit the implications of the responsibility to protect RtoP for notions of state sovereignty and some of the conceptual architectural and policy challenges then facing UN Secretary General Ban Ki moon s commitment to operationalizing the responsibility to protect and translating it from words to deeds Louise Frechette ARUNA 2005 2006 edition Ms Louise Frechette is Distinguished Fellow at the Centre for International Governance Innovation Waterloo Ontario Until March 2006 she was the first Deputy Secretary General of the UN before that she was Permanent Representative of Canada to the UN Ms Frechette s introduction to ARUNA 2005 2006 covered United Nations reform an unfinished story As the first Deputy Secretary General of the UN Ms Frechette was uniquely positioned to undertake a personal assessment of what has changed and what has not changed in the past decade at the UN and why She examined if the UN is functioning better than it was 15 years ago why reform is so difficult to achieve and what the future holds for the institutions Rubens Ricupero ARUNA 2004 2005 edition Mr Rubens Ricupero is Dean of the Fundacno Armando Alvares Penteado FAAP Sao Paulo and was formerly Secretary General of UN Conference on Trade and Development UNCTAD and Minister of Finance of Brazil Mr Ricupero s introduction to ARUNA 2004 2005 covered The difficulty of building consensus in an age of extremes and examined the mysteries of the negotiating process leading to the outcome of the 2005 World Summit Rather than a Grand Bargain of a comprehensive UN reform in the areas of development security and human rights it is argued that the Summit ended more on a note of lamentation and regret over a missed opportunity Mr Ricupero concludes that contrary to the daring proclamation at the outset by the Secretary General the conditions indispensable to succeed were not in place Indeed it was hard to imagine that an ambitious and balanced reform package for the UN could have had any real chance of succeeding
