Power And Prowess The Origins Of Brooke Kingship In Sarawak:

Power and Prowess JH Walker, 2020-09-02 A significant reinterpretation of Sarawak history *Power and Prowess* explores the network of power economic and ritual relationships that developed on the northwest coast of Borneo in the mid nineteenth century from which a coalition led by James Brooke established the state of Sarawak Where many authors placed Brooke in the context of nineteenth century British imperialism this study perceives him in the context of Bornean cultures and political economies Brooke emerges from the historical record as a man of prowess with the author identifying important ritual sources of Brooke s power among Malays Bidayuh and Ibans sources which derived from and expressed indigenous cultural traditions about fertility health and status Drawing on conceptual frameworks from political science as well as recent southeast Asian historiography *Power and Prowess* offers a detailed political history of the period and new interpretations of Brooke s career This study also retrieves from the historical sources previously concealed narratives which reflect the interests priorities and activities of Sarawak people themselves J H WALKER lectures in political science at the University of New South Wales at the Australian Defence Force Academy *Power and Prowess* J.
