Power Marginality And African Oral Literature:

Power, Marginality and African Oral Literature Graham Furniss, 1995 **African Oral Literature** Russell Kaschula, 2001 Throughout Africa oral literature is flourishing though it is perceived by some as anachronistic to the modern world This work refutes this idea in its entirety by presenting 22 chapters which firmly place the study of oral literature within contemporary African existence The study analyzes how oral literature relates to media music technology text gender religion power politics and globalization *Cultural Sociology of the Middle East, Asia, and Africa* Andrea L. Stanton, 2012 In our age of globalization and multiculturalism it has never been more important to understand and appreciate all cultures across the world The four volumes take a step forward in this endeavour by presenting concise information on those regions least well known to students across Europe the Middle East Asia and Africa The volumes convey what daily life is like for people in these selected regions Entries will aid readers in understanding the importance of cultural sociology to appreciate the effects of cultural forces around the world and to learn the history of countries and cultures within these important regions Key Features Topics are explored within historical context in three broad historical periods prehistory to 1250 1250 to 1920 and 1920 to the present One volume each is devoted to the regions of the Middle East and Africa and then one volume to East and Southeast Asia and a final volume to West Central and South Asia The volumes include extensive use of photographs and maps to explain cultural and geographic content Each volume has its own volume editor with expertise in that particular region Key Themes Arts Culture and Science People Society and Dynasties Religion and Law Family and Daily Life Conflicts and Wars Politics and Government Health and Education Economy Trade and Industry National Geography and History *Vergeltung - Zypern, Nachträge* Rolf Wilhelm Brednich, Heidrun Alzheimer, Hermann Bausinger, Wolfgang Brückner, Daniel Drascek, Helge Gerndt, Ines Köhler-Zülch, Klaus Roth, Hans-Jörg Uther, Doris Boden, Susanne Friede, Ulrich Marzolph, Christine Shojaei Kawan, 2015-03-10 Dieses umfassende Nachschlagewerk bündelt die Ergebnisse von fast zwei Jahrhunderten internationaler Forschung im Bereich volkstümlicher Erzähltradition Die Autoren vergleichen die reichen Sammelbestände mündlich und schriftlich überlieferter Erzählungen aus den verschiedensten Ethnien und zeigen die sozialen historischen geistigen und religiösen Hintergründe auf *Sacred Queer Stories* A. S. Van Klinken, Johanna Stiebert, Brian Sebyala, Fredrick Hudson, 2021 An invaluable insight into the narrative politics and theologies of LGBTQ life storytelling a key text for those in African Humanities Queer Studies Religious Studies and Refugee Studies Presenting the deeply moving personal life stories of Ugandan LGBTQ refugees in Nairobi Kenya alongside an analysis of the process in which they creatively engaged with two Bible stories Daniel in the Lions Den Old Testament and Jesus and the Woman Caught in Adultery New Testament *Sacred Queer Stories* explores how readings of biblical stories can reveal their experiences of struggle their hopes for the future and their faith in God and humanity Arguing that the telling of life stories of marginalised people such as of Ugandan LGBTQ refugees affirms embodied existence and agency is socially and politically empowering

and enables human solidarity the authors also show how the Bible as an authoritative religious text and popular cultural archive in Africa is often used against LGBTQ people but can also be reclaimed as a site of meaning healing and empowerment The result of a collaborative project between UK based academics and a Nairobi based organisation of Ugandan LGBTQ refugees the book provides a valuable insight into the narrative politics and theologies of LGBTQ life storytelling A key text for those in African Humanities Queer Studies Religious Studies and Refugee Studies among others the book expresses an innovative methodology of inter reading queer life stories and biblical stories **African Battle**

Traditions of Insult Tanure Ojaide, 2023-04-26 This book explores the battles of words songs poetry and performance in Africa and the African Diaspora These are usually highly competitive artistic contests in which rival parties duel for supremacy in poetry composition and or its performance This volume covers the history of this battle tradition from its origins in Africa especially the udje and halo of the Urhobo and Ewe respectively to its transportation to the Americas and the Caribbean region during the Atlantic slave trade period and its modern and contemporary manifestations as battle rap or other forms of popular music in Africa Almost everywhere there are contemporary manifestations of the more traditional older genres The book is thus made up of studies of contests in which rivals duel for supremacy in verbal arts song poetry and performance as they display their wit sense of humor and poetic expertise **Lexikon der afrikanistischen**

Erzählforschung Wilhelm J. G. Möhlig, 1998 *Songs and Politics in Eastern Africa* Kimani Njogu, Hervé Maupeu, 2007 This volume brings together essays on songs and politics in the region of Eastern Africa and beyond The theme that cuts across the contributions is that songs are in addition to their aesthetic appeal vital tools for exploring how political and social events are shaped and understood by citizens Urbanization commercialization and globalization contributed to the vibrancy of East African popular music of the 1990s It was a product of social processes inseparable from society politics and other critical issues of the day The lyrics explored socials cosmology world views class and gender relations interpretations of value systems and other political social and cultural practices even as they entertained and provided momentary escape for audience members Frustration disenchantments and emotional fatigue resulting from corrupt and dictatorial political systems that stifle the potential of citizens drove and still drive popular music in Eastern Africa as in most of Africa

Orality Graham Furniss, 2004-09-21 Oral communication is quite different in its spontaneity and communicative power from textual and visual communication Culturally bounded expectations of ways of speaking and individual creativity provide the spark that can ignite revolution or calm the soul This book explores from a cross cultural perspective the centrality of orality in the ideological processes that dominate public discourse providing a counterbalance to the debates that foreground literacy and the power of written communication **Foundations in Southern African Oral Literature** Russell H. Kaschula, 1993 A collection of papers reprinted from Bantu Studies and African Studies offers textual material and analyses of oral literature from southern Africa The three issues of text genre and interpretation receive equal attention within the

volume The editor s intention is to provide readers with an opportunity to explore various literary genres produced in southern African communities through texts and through scholarly analysis The transformation of literary genres is also addressed emphasizing the ways in which oral performance is shaped by social forces The manipulation of language and oral art forms for political gain is not new society praise poetry songs folktales and wisdom lore and riddles In each case articles have been selected to reveal the historical and comparative bases of oral literary studies points to new directions in the analysis of oral literature and the need for a broader contextualization of southern African studies The collection of essays provides the groundwork for further exploratory studies across cultures and genres not only in Africa but in the world at large At the same time oral literature and more specifically African oral literature needs to be liberated in order to interact with other scholarly disciplines the original writings of the essays in this volume It is these very changes which provide research material for scholars in oral studies At the same time all students of the discipline must look at these seminal studies in order to appreciate the traditional bases of oral performance today *African Women's Literature, Orature, and Intertextuality* Susan Arndt,1998 **Research in African Literatures** ,2004 Vol 1 spring 1970 include A Bibliography of American doctoral dissertations on African literature compiled by Nancy J Schmidt **Multiculturalism & Hybridity in African Literatures** African Literature Association. Meeting,2000 *Yorùbá Royal Poetry* Akíntúndé Akínýemí,2004 **Paideuma** ,1998 **"Now My Tale Has Truly Traveled Far!"** Peter D.
