Hellemans,Ronald Geerts,1996 Unwitting Influences in Theatre tries to clarify some mutual theatrical influences within
European theatre and between American and European avant garde theatre Most of all it raises the question is there any
mutual exchange at all Since the 1960 s American theatre has had a great influence on European theatre but is this a one
way direction American and European scholars take a critical look at these unwitting influences and try to find out how
mutual these exchanges are in reality This results in an overview of recent developments in European and American theatre
so that Unwitting Influences in Theatre at the same time serves as a thorough introduction to the state of the art in
contemporary theatre in Europe and the United States
