of the body we transform it into self healing energy that can be stored in the organs and the three tan tiens energy centers in the brain the heart center and the lower abdomen The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in Healing Light of the Tao The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe By learning to open the three tan tiens to the six directions the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body This energy too can be stored in the three tan tiens and used as needed for healing When we learn to flow in this way with the energy of the Tao life ceases to be a struggle
