**Summary: The Power of We** BusinessNews Publishing, 2014-10-28 The must read summary of Jonathan Tisch and Karl Weber's book The Power of We Succeeding Through Partnerships This complete summary of the ideas from Jonathan Tisch and Karl Weber's book The Power of We shows that the key to economic and corporate success in today's complex business world is to build and maintain smart partnerships with individuals community groups and other organisations But despite all the obvious advantages of partnerships building and maintaining them is difficult for most people and organisations as everyone has to be prepared to put aside their focus on individual concerns In their book the authors argue that you will always achieve more by collaborating with others than you'll ever achieve by being hard driving
