Property Rights (Routledge Revivals) Lawrence C. Becker, 2014-06-17 Property Rights Philosophic Foundations first published in 1977 comprehensively examines the general justifications for systems of private property rights and discusses with great clarity the major arguments as to the rights and responsibilities of property ownership In particular the arguments that hold that there are natural rights derived from first occupancy labour utility liberty and virtue are considered as are the standard anti property arguments based on disutility virtue and inequality and the belief that justice in distribution must take precedence over private ownership Lawrence Becker goes on to contend that there are four sound lines of argument for private property that together with what is sound in the anti property arguments must be co ordinated to form the foundations of a new theory He therefore expounds a concise but sophisticated theory of property that is relevant to the modern world and concludes by indicating some of the implications of his theory The American Annual Cyclopedia and Register of Important Events of the Year ... , 1870 **Hells Canyon Project, Idaho-Oregon** United States.
