mainstream cable and satellite radio How did Joel Osteen become Joel Osteen How did Lakewood become the largest megachurch in the U S Salvation with a Smile the first book devoted to Lakewood Church and Joel Osteen offers a critical history of the congregation by linking its origins to post World War II neopentecostalism and connecting it to the exceptionally popular prosperity gospel movement and the enduring attraction of televangelism In this richly documented book historian Phillip Luke Sinitiere carefully excavates the life and times of Lakewood s founder John Osteen to explain how his son Joel expanded his legacy and fashioned the congregation into America s largest megachurch As a popular preacher Joel Osteen s ministry has been a source of existential strength for many but also the routine target of religious critics who vociferously contend that his teachings are theologically suspect and spiritually shallow Sinitiere s keen analysis shows how Osteen s rebuttals have expressed a piety of resistance that demonstrates evangelicalism s fractured but persistent presence Salvation with a Smile situates Lakewood Church in the context of American religious history and illuminates how Osteen has parlayed an understanding of American religious and political culture into vast popularity and success

**Impossible** Dawid Piątkowski, 2016-05-30 Because of desire to experience and explore what we really are capable of D Pi tkowski Inside each one of us lies the incredible potential that gives us a gift of unlimited possibilities By discovering it you will be on the horns of dilemma who you would like to be and what you want to achieve Is the inner voice whispering you that it s impossible to have any chosen personality and keep full control over emotions and create your future Live unbound Break the mould and defeat Ego consciously self destructive thoughts emotions and habits By winning with yourself you will understand that you can be whoever you want to By changing yourself you will change your future Life can be an amazing adventure and it depends only on you if it is so If you are ready to discover and then reach the top this book is tailored for you What is this book about If you think you can do a thing or think you can t do a thing you re right Henry Ford The book you are holding in your hands is a multidimensional guide of personal and spiritual development It tells about my journey to awakening and shows how to live the life of your dreams in practice not only in theory It is an immensely personal story however I opened up despite Ego internal resistance I believe it will help many people to solve problems and it will teach how to become a self possessed person controlling emotions and as a result the future What can you learn and achieve by taking over the control of your mind Imagine that

- 1 You can choose any of the features of characters you know and you can be self confident full of energy and motivated
- 2 You do not send yourself mechanically into the negative emotional state the end of stress being sulky lack of motivation and overwhelming problems
- 3 You are happy regardless all of the experiences you have had the circumstances and other people you are the one who decides how to feel in every single moment
- 4 Your relationship is just perfect you have built it on values and not on emotions
- 5 You love your job develop your passions and inborn talents You achieve any objectives you set for yourself You turn dreams into objectives and fulfill them one by one You can lead the horse to water but can t make it drink American Indian proverb Ego an inner voice can whisper you that it is impossible to have a chosen

personality and to be happy for ever If you believe in negative thoughts it will be impossible for you However if only curiosity and desire to change yourself for a better person wins you can achieve it and become whichever personality you wish Changing yourself you will change your future Taking total control of your character emotions and future I guarantee that your life will change beyond the recognition Dawid Pi tkowski a visionary a coach a teacher a motivator The author of The impossible and Obsession for Perfection which have been translated into five languages A prominent athlete himself he has collected more than 20 medals in national tennis championships and has been victorious on national and international podium 150 times in his career Driven by the desire to improve the quality of life in all possible aspects he has created a unique method for multidimensional development and self improvement The impressive internal metamorphoses of his athletes even after one session have inspired him to write The impossible Obsession for Perfection and Ego vs I which he willingly shares with the rest of the world
