and aesthetics and showed the ways in which any problem pushed back to its beginning or taken to its end is a philosophic problem The roots of this book On Knowing The Social Sciences are traced to McKeon s classes where he blended philosophy with physics ethics politics history and aesthetics This volume the second in a series leaves behind natural science themes to embrace freedom power and history which McKeon argues lay out the whole field of human action The authors McKeon considers Hobbes Machiavelli Spinoza Kant and J S Mill show brilliantly how philosophic methods work in action via analyses that do not merely reduce or deconstruct meaning but enhance those texts by reconnecting them to the active history of philosophy and to problems of ethics politics and history The waves of modernism and post modernism are receding Philosophic pluralism is now available fully formulated in McKeon s work spreading from the humanities to the social sciences

Dr. William Smith's Dictionary of the Bible William Smith,1881 The Limits of Literary Historicism Allen Dunn,Thomas Haddox,2012-02-28

The Limits of Literary Historicism is a collection of essays arguing that historicism which has come to dominate the professional study of literature in recent decades has become ossified By drawing attention to the limits of historicism its blind spots overreach and reluctance to acknowledge its commitments this provocative new book seeks a clearer understanding of what historicism can and cannot teach us about literary narrative Editors Allen Dunn and Thomas F Haddox have gathered contributions from leading scholars that challenge the dominance of contemporary historicism These pieces critique historicism as it is generally practiced propose alternative historicist models that transcend mere formula and suggest alternatives to historicism altogether The volume begins with the editors extended introduction The Enigma of Critical Distance or Why Historicists Need Convictions and then is divided into three sections The Limits of Historicism Engagements with History and Alternatives to History Defying convention The Limits of Literary Historicism shakes up established modes to move beyond the claustrophobic analyses of contemporary historicism and to ask larger questions that envision more fulfilling and more responsible possibilities in the practice of literary scholarship
