Powers Of Freedom Reframing Political Thought:

Powers of Freedom Nikolas Rose, 1999-05-13 Powers of Freedom first published in 1999 offers a compelling approach to the analysis of political power which extends Foucault's hypotheses on governmentality in challenging ways. Nikolas Rose sets out the key characteristics of this approach to political power and analyses the government of conduct. He analyses the role of expertise, the politics of numbers, technologies of economic management and the political uses of space. He illuminates the relation of this approach to contemporary theories of risk society and the sociology of governance. He argues that freedom is not the opposite of government but one of its key inventions and most significant resources. He also seeks some rapprochement between analyses of government and the concerns of critical sociology, cultural studies and Marxism to establish a basis for the critique of power and its exercise. The book will be of interest to students and scholars in political theory, sociology, social policy and cultural studies.

Powers of Freedom Nikolas S. Rose, 1999 *Political Power* Mark Haugaard, Kevin Ryan, 2012-06-27 Although the concept of power is central to the study of politics, there is no agreement as to what exactly power is. Power is often viewed negatively as domination, though it is also the case that power is created by people acting in concert in which case it can have positive effects. Making sense of this puzzle is one of the aims of this book which provides the reader with a clear and coherent way of understanding the various forms and manifestations of power and it does so by bringing together the most important and influential perspectives on power within the political and social sciences. From the Contents: Mark Haugaard and Kevin Ryan Power in Social and Political Theory; John Gledhill Power in Political Anthropology; Stewart Clegg Foundations of Organizational Power; Jill Vickers Gendering Power: Feminist Approaches; John A. Hall and Sini A. Maleyevic The Political Sociology of Power; Philip G. Cerny Power and International Relations.

Power Steven Lukes, 2021-04-14 The third edition of this seminal work includes the original text first published in 1974, the updates and reflections from the second edition and two groundbreaking new chapters. Power: A Radical View assesses the main debates about how to conceptualize and study power, including the influential contributions of Michel Foucault. The new material includes a development of Lukes's theory of power and presents empirical cases to exemplify this. Including a refreshed introduction, this third edition brings a book that has consolidated its reputation as a classic work and a major reference point within Social and Political Theory to a whole new audience. It can be used on modules across the Social and Political Sciences dealing with the concept of power and its manifestation in the world. It is also essential reading for all undergraduate and postgraduate students interested in the history of Social and Political Thought. New to this Edition: A revised and refreshed introduction; Two new chapters on Domination and Consent and Exploring the Third Dimension.

Nazi Buildings, Cold War Traces and Governmentality in Post-Unification Berlin Clare Copley, 2020-05-28 Bringing together approaches from cultural and urban history as well as German studies and political theory, Clare Copley's probing study reflects on post-unification responses to iconic Nazi architecture to reveal insights into power, legitimacy and memory.

politics in the Berlin Republic Analysing public debates physical interventions into the buildings and the structuring of the memory landscapes around them the book demonstrates that the politics of memory impact not just upon the built environment of the post dictatorship city but upon the way decisions about it are made In doing so Nazi Buildings Cold War Traces and Governmentality in Post Unification Berlin makes the case for conceiving of a specifically post authoritarian governmentality and uses the responses to constructions like Goering s Aviation Ministry Tempelhof Airport and the Olympic complex to explore its features

Public Law in a Multi-Layered Constitution Nicholas Bamforth, Peter Leyland, 2003-10-30 How is the distribution of power between the different levels of the contemporary constitution to be policed What is the emerging contribution of the courts in regard to EC law the Human Rights Act 1998 and devolution What roles should be played by the legislative and judicial bodies at each level Who should have access to the courts in public law disputes and on what grounds should the courts regulate the exercise of public power Can a coherent distinction be maintained between public and private law These essays by leading public law scholars explore the allocation and regulation of public power in the United Kingdom At the beginning of the twenty first century it appears that the traditional Diceyan model of a unitary constitution has been superseded as power has come to be distributed particularly in the post 1997 period between institutions at European national devolved and local level Furthermore the courts have come to play a powerful role at all levels through judicial review while forms of regulation and contracting together with other informal techniques of governance have emerged The contemporary constitution can be characterised as involving a multi layered distribution of power a situation which raises many key questions about the role of public law The essays in this important collection tackle such questions from a variety of perspectives aiming between them to provide a dynamic picture of the role of public law in the contemporary multi layered constitution

Jahrbuch zur Liberalismus-Forschung ,2000 Die Transformation von Staatlichkeit Michael Felder, 2001-09-14 Die Arbeit zielt auf die Rückgewinnung einer herrschaftskritischen Perspektive Entgegen gängiger Vorstellungen wird die These vertreten daß die beiden zentralen Merkmale der aktuell stattfindenden Transformation von Staatlichkeit die Konformisierung der Verwaltung und die Internationalisierung des Staates nicht zu einer Enthierarchisierung und zu neuen flexiblen Formen des Regierens sondern zu einem neuen Bürokratisierungsschub führen

Theorien in der Raum- und Stadtforschung Jürgen Oßenbrügge, Anne Vogelpohl, 2014 Ausgehend von dem zunehmenden Interesse in der Forschung zu Stadt und Raum Problemstellungen stärker konzeptionell zu fassen und Fallstudien theoriegeleitet aufzuschlüsseln bietet der Sammelband einen Einstieg in Konzepte Theorien und Begriffe der Raum und Stadtforschung Er richtet sich an fortgeschrittene Studierende ebenso wie an Wissenschaftlerinnen und Wissenschaftler aus der interdisziplinären Raum und Stadtforschung

Authority, Experience and the Life of Power Claire Blencowe, Julian Brigstocke, Leila Dawney, 2016-04-14 Taking up the challenge of understanding power in its complexity this volume returns to and revitalises the concept of authority It provides a powerful analysis of the ways that relationships of trust attachment

governance and inequality become possible when subjectivities and bodies are invested in the life of power The collection offers a vibrant new analysis of the biopolitical arguing that experience of life has become equated with objectivity in contemporary culture and has thus become a primary basis of authority Biopolitical or experiential authority can be generated through reference to a variety of experiences performances or intensities of life including creativity radicalism risk taking experimentation inter relation suffering and proximity to death The authority producing capacities of community and aesthetics are key issues pointing to vexed relationships between politics and policing inventiveness and violence The contributors develop their theoretical analyses through discussion of a range of specific sites including mental health service user and survivor politics biological knowledge refugee activism stories of suffering urban art anarchism neo liberal community politics and marketization Authority Experience the Life of Power challenges thinking on what the political is and isn't pushing against the all too easy equivocation of revolutionary break and empowerment This book was published as a special issue of the Journal of Political Power
