Practical Ethics In Occupational Health:

Practical Ethics in Occupational Health Peter Westerholm, Tore Nilstun, John Øvretveit, 2004 In this work the authors focus on the ethical issues inherent in the practical problems encountered by occupational health professionals *Practical Ethics in Occupational Health* Peter Westerholm, Tore Nilstun, John Øvretveit, 2020-02-07 Explains the NHS as a political environment and concentrates on understanding the relationships of power rather than on the role of apparent authority The book presents a range of management frameworks and personal examples to illustrate what a primary care led NHS means

Occupational Health Ethics Jacques Tamin, 2020-05-27 This book provides occupational health OH professionals with a theoretical basis for addressing the ethical issues that they confront in their practice There is often a lack of in depth moral analysis of the issues that OH practitioners face on a daily basis The ICOH Code of Ethics sets out the important principles that guide OH practice This book builds on these core principles starting from an application of moral theories in the OH context and illustrating how ethical conflicts could be resolved by carrying out ethical analyses of several case studies In this way it aims to link ethical theory to OH practice

Evidence-based Occupational Health Takashi Muto, Toshiaki Higashi, Jos Verbeek, 2006 Evidence Based Occupational Health is a collection of papers presented at the 13th International Congress on Occupational Health Services held from 30 November to 3 December 2005 in Utsunomiya Japan This was the annual congress of the ICOH Scientific Committee on Health Service Research and Evaluation in Occupational Health Globally there are many workers who are not covered by any occupational health services OHS In order to convince employers and policy decision makers to invest in OHS it is essential to demonstrate the effectiveness and benefits of OHS This is in line with the worldwide acceptance of evidence based medicine EBM as a scientific standard and occupational health professionals are expected to construct evidence based guidelines for evidence based occupational health EBOH practices and to practise based on EBOH With the onset of globalization due to information technology this is not an easy task as the evolving realities of working life have produced new kinds of occupational hazards at bringing together evidence of OHS effectiveness from various countries sectors and disciplines of OHS Evidence Based Occupational Health includes seven chapters offering not only the state of the art on EBOH but also novel requirements being imposed on OHS
