

RIG SHIP FOR ULTRA QUIET

LIFE ON A NUCLEAR ATTACK BOAT AT THE END OF THE COLD WAR

P. ANDREW KARAM

Andrew Karam's mission may be fictionalized, but life on his submarine is very real and well worth the trip. — Sherry Sontag, co-author of *Blind Man's Bluff*

Rig Ship For Ultra Quiet:

Rig Ship for Ultra Quiet Andrew Karam, 2002-01-01 You've seen The Hunt for Red October and wondered if it was real. Now you'll know Rig Ship for Ultra Quiet a book about submarines written by a submariner. Spend two months in a nuclear fast attack submarine off the coast of the Soviet Union at the end of the Cold War with Andrew Karam a decorated veteran of the US submarine force. Emergency Deep Michael DiMercurio, 2017-12-14 U.S. Navy submarine commander Peter Vornado is at the top of his game in underwater warfare when a devastating illness takes him out of the service and almost to the grave. Without duty, honor, or something to fight for, his life is as good as over. But the CIA needs a man like Vornado. A terrorist cabal has acquired a scrapped Soviet sub from the Cold War, a technologically advanced failure still able to outrun any torpedo or enemy vessel and strike at will. With a nuclear payload, it will enable the terrorists to fire directly on Israel and throw the world into chaos. All that remains is to modernize the sub with the latest technology. Only one man can infiltrate the group, take the helm, and stop a holocaust: a man who has already stared down death and is ready to do battle once more.

Dark Transit Michael DiMercurio, 2021-12-14 Lieutenant Anthony Pacino reports aboard the project boat USS Vermont two years after having survived the catastrophic sinking of the Piranha. Pacino quickly learns that Vermont's missions are all ultra secret, with the boat reporting only to the Sub Force commander, the National Security Advisor, and the President. Vermont does the dirty deeds that need doing in deadly silence and obscurity. After Vermont misses the mark on an easy mission, there are questions asked about her ability to conduct the next mission, one that is vital to the security of the United States and the future of the submarine force. Vermont is tasked with stealing a revolutionary submarine that the Russians are testing with an Iranian crew because it's too risky to use Russian sailors. It's a high stakes gamble for all involved, with the losers vanishing if things go wrong and the winners validating a world-changing technology. Pacino is part of the mission to steal the submarine, but the toughest obstacle is a wolf pack of Russians coming to the defense of the Iranian submarine. Getting it back to the United States for evaluation becomes secondary to surviving an exchange of missiles and torpedoes in an underwater battle that threatens to let the final genie out of the bottle. DiMercurio has used the last decade to refine his writing and produce the best naval thriller in decades. I couldn't put it down. Joseph Courtemanche, author of Assault on Saint Agnes.

Dangerous Ground Larry Bond, 2007-04-01 The USS Memphis, a dilapidated submarine that should have been mothballed decades ago, has been given one last mission by the newly elected president. The task: To sneak illegally into Russia's coastal waters and recon the leaking nuclear fuel containers hidden on the floor of the Arctic Ocean. More than just an environmental nightmare, this radioactive burial ground houses enough nuclear capability to destroy most of America's major cities. Lowell Hardy, The Memphis's commander, who had been looking forward to flag rank and pleasant duty upon the sub's decommissioning, now he is trapped in an inconceivably dangerous and illegal mission which could easily end his career, if not his life, and the lives of his crew. But it's the crew who feel Hardy's tension as he tyrannizes everyone on board to

ensure they'll be ready for anything Jerry Mitchell A former naval pilot with political connections he is a novice submariner unprepared for his demanding job as a weapons officer Central to the Memphis's mission Mitchell may be its greatest liability or its ultimate salvation Dr Joanna Patterson The senior civilian scientist appointed by and reporting to the president she is a world class expert on nuclear fuel contamination and every bit as demanding as Hardy Patterson and her partner Dr Emily Davis soon find themselves battling flaring tempers faulty machinery lethal radioactivity and the raging arctic seas The submariners Seething with rage at their Captain Bligh like commander and the equally domineering Joanna Patterson they are also at war with Jerry Mitchell and one another Like the captain they feel they deserve better not this antiquated relic not this hostile scientist not this novice weapons officer and definitely not this disastrously dangerous mission Nor is the mission what it seems Lurking beneath the frigid black radioactive waters is a secret far more deadly than anything naval command could imagine a secret so menacing the Russian Fleet is hell bent on destroying the Memphis and all who sail in her At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

Killer James B. Harrison Jr., 2008-12-09 There is no available information at this time *Full Fathom Five* Bart Davis, 1987 Central American rebels have seized a Russian attack sub and have aimed its nuclear missiles directly at the U S It's up to Navy Capt Peter MacKenzie commander of the state of the art sub the Aspen to recover the Russian sub before it launches destruction Now MacKenzie must lead an inexperienced crew into a mission in which one slip could prove catastrophic

Silent Assault Benjamin E. Miller, 2005 The submarine U S S Ohio stands ready to launch her missiles against an aggressor within her target area at the first sign of a credible threat While under strict orders to maintain stealth the Ohio's crew begins dying one by one from a deadly plague and an unseen enemy waits to seize the ship's nuclear warheads and highly classified technology when she surfaces for evacuation But a few of the Ohio's survivors have a plan of their own

Phoenix Strike Charles Ryan, 1993 Crimson Tide Richard P. Henrick, 1995 Prepare yourself for the action packed thriller starring Gene Hackman and Denzel Washington The plot mixes The Hunt for Red October and Fail Safe to tell the story of a mutiny aboard the U S S Alabama a nuclear submarine which has been ordered to fire its missiles and destroy Moscow Includes drawings of the U S S Alabama
