Great Military Leaders William T. Worthington, 2002 Great Military Leaders A Bibliography with Vignettes

Strategy Richard J Bailey, James W Forsyth, Mark O Yeisley, 2016-04-15 How does one engage in the study of strategy Strategy Context and Adaptation from Archidamus to Airpower argues that strategy is not just concerned with amassing knowledge it is also about recognizing our imperfect understanding of the environment and respecting the complex nature of adaptation to the unforeseen or unexpected In essence the strongest strategists are those who commit to an education that cultivates a more holistic and adaptive way of thinking With that thought in mind the contributors to Strategy each a current or former professor at the School of Advanced Air and Space Studies widely considered the Department of Defense s premier school of strategy offer ways of thinking strategically about a variety of subject matters from classical history to cyber power Practitioners in the profession of arms perhaps more than any other profession must employ critical thinking where the application of power on land at sea in the air and in space and cyberspace are concerned Strategy examines various sub disciplines regarding the use of power and illuminates different approaches to thinking which have implications beyond the implementation of force General U.S. Grant's Tour Around the World L. War Department, 1891 Official records produced by the armies of the United States and the Confederacy and the executive branches of their respective governments concerning the military operations of the Civil War and prisoners of war or prisoners of state Also annual reports of military departments calls for troops correspondence between national and state governments correspondence between Union and Confederate officials The final volume includes a synopsis general index special index for various military divisions and background information on how these documents were collected and published Accompanied by an atlas *House documents* ,1891 General Grant's Tour Around the World ,1879 *The War of the Rebellion* United States. War Department, 1891 Command Conflicts in Grant's Overland Campaign Diane Monroe Smith, 2012-12-13 This book follows the men of the 5th Corps and the Army of the Potomac through the Wilderness Spotsylvania and Cold Harbor with the army condemned to moving blindly through enemy territory without the benefit of cavalry scouting or screening It considers the lost opportunities of June 1864 when Grant s masterly movement of the Army of the Potomac across the James to confront the enemy at Petersburg should have ended in victory and the fall of Richmond Bungling and complacency doomed the attacks on Petersburg s fortifications and instead of victory the battered Federals faced a drawn out siege and another 10 months of war Finally the author considers what happened to a number of the prominent Federal participants in the Overland Campaign during the last year of the war and after Many of those who lied and cheated their way to the top became government leaders and the authors of policy for years
