Humphrey Humberto Pachecker,2010-11-04 We all agree that a book synopsis is basically a summary or an overview of a  
book The most important thing to remember when writing a book synopsis is that the synopsis should be considerably shorter  
than the book because synopses condense the information of a much larger work Writing a good book synopsis requires a full  
understanding of the subject and the book in question It is impossible to write a synopsis on a book that you have not read  
Based on this definition the author of this book NAFA S BLUE BOOK Humphrey Humberto Pachecker being a foreign legal  
consultant attorney and a professor of law himself follows a Bar Journal s article which concluded in its recommendation that  
the United States stands to gain a great deal from the globalization of the world economy and the attendant increase in  
international business whether resident or nonresident an attorney foreign legal consultant readily at hand can be of  
immeasurable aid in meeting the challenge of our economic future International business has in the past secured economic  
prosperity in Florida USA at times when other states had not fared so well In this common law jurisdiction the foreign  
attorney as well the local attorney and the law student is pivotal the domination of legal terminology Common law  
jurisdiction s courts greatly rest its decision in precedents Therefore the correct interpretation for a legal terminology term  
as is for example stare decisis which is a legal term from Latin that means to stand by things decided is the core of legal  
writing which in turn it must be able to express legal analysis and legal rights and duties Crop Protection Chemicals
