The book starts by elaborating on critical thinking and on normative ethical theories subsequently presenting the structure and cinematic elements of narrative film. These two avenues are tools for evaluating films and for discussions on various ethical problems in contemporary business including the corporate and banking financial machinations, greed, fraud, social responsibility, workplace ethical challenges, harassment, violence, inequity, inequality, professional and business ethical challenges, corruption, whistleblowing, outsourcing, downsizing, competition, and innovation, environmental and social issues, international business and human rights, and personal responsibility and identity challenges due to career pressures, loss of privacy, and cyber harassment and job structure changes in light of changing technology. *VerdictSearch Top 100*, 2008

Cases on Social Justice in China and Perspectives on Chinese Brands Elhaoussine, Youssef, Wang, Lulu, 2023-01-23 As a rising superpower and economy, China and the Chinese society have attracted the attention of the world. However, because of the language and cultural barrier, it is difficult for foreign academics and the foreign public to grasp what is happening within Chinese society. This is particularly the case if a foreign audience wishes to understand the Chinese public and how social justice plays out in China. *Cases on Social Justice in China and Perspectives on Chinese Brands* proposes an objective view of the effect that social justice and online public debates had on brands by describing and reporting the real situation in China where brands faced a public outcry after a controversial event and by considering how the brands were affected. Covering key topics such as brand activity, social media boycotts, vulgar marketing, and salary disputes, this reference work is ideal for government officials, policymakers, researchers, scholars, academicians, practitioners, instructors, and students.
