Samsung Rising Geoffrey Cain,2020-03-19 Longlisted for the 2020 Financial Times McKinsey Business Book of the Year Shines an incisive and entertaining light into the secretive world of the South Korean technology giant shaping our digital lives in ways we probably can t imagine Brad Stone Can the Asian giant beat Apple Based on years of reporting on Samsung for the Economist the Wall Street Journal and Time from his base in South Korea and his countless sources inside and outside the company Geoffrey Cain offers the first deep look behind the curtains of the biggest company nobody knows How has this happened Forty years ago Samsung was a rickety Korean agricultural conglomerate that produced sugar paper and fertilizer But with the rise of the PC revolution Chairman Lee Byung chul came up with an incredibly risky multimillion dollar plan to make Samsung a major supplier of computer chips Lee had been wowed by a young Steve Jobs who sat down with the chairman to offer his advice and Lee quickly became obsessed with creating a tech empire Today Samsung employs over 350 000 people over four times as many as Apple and their revenues have grown 40 times their 1987 level Samsung alone now make up more than 20% of South Korea s exports

and sells more smartphones than any other company in the world And furthermore they don t just make their own phones but are one of Apple s chief supplier on technology critical to the iPhone Yet their disastrous recall of the Galaxy Note 7 with numerous reports of phones spontaneously bursting into flames reveals the dangers of the company s headlong attempt to overtake Apple at any cost A sweeping insider account of the Korean s company s ongoing war against the likes of Google and Apple Samsung Rising shows how a determined and fearless Asian competitor is poised to take on the giants of the tech world

Marketing Cases Dr. Malay Ghosh, *Strategic Customer Management* Adrian Payne, Pennie Frow, 2013-03-28 Relationship marketing and customer relationship management CRM can be jointly utilised to provide a clear roadmap to excellence in customer management this is the first textbook to demonstrate how it can be done Written by two acclaimed experts in the field it shows how an holistic approach to managing relationships with customers and other key stakeholders leads to increased shareholder value Taking a practical step by step approach the authors explain the principles of relationship marketing apply them to the development of a CRM strategy and discuss key implementation issues Its up to date coverage includes the latest developments in digital marketing and the use of social media Topical examples and case studies from around the world connect theory with global practice making this an ideal text for both students and

practitioners keen to keep abreast of changes in this fast moving field **My Hardcover Book** Christopher Holsberry, 2014-12-10 A great book about the genesis of Apple and iPhone while also discussing the marketing and managing dynamics of the company and the massive successful product that is iPhone *The Real-Time Revolution* Jerry

Power, Thomas Ferratt, 2019-09-03 Time has become a precious commodity so business leaders who can save their customers time more effectively than competitors do will win their loyalty This book shows how it s done Business survival requires valuing what customers value and in our overworked and distraction rich era customers value their time above all else Real time companies beat their rivals by being faster and more responsive in meeting customer needs To become a real time company as top scholars Jerry Power and Tom Ferratt explain you need a real time monitoring and response system They offer detailed advice on how to put procedures in place that will collect data on how well products or services are saving customer time identify strengths weaknesses threats and opportunities and specify innovations needed to save even more customer time Where should leaders look to innovate Powers and Ferratt say to search every step in the life of a product or service from development to production to usage And for each step they identify four possible levers for innovation the design of the products or services themselves the process used to produce them the data that can be gathered on their use and the people who make or provide the product or service The book features dozens of examples of companies that are getting it right and the innovations they used to help their customers save time all while helping themselves to a hefty slice of market share This is a comprehensive authoritative guide to thriving in a revolution that is sweeping every industry and sector *Daily Graphic* Ransford Tetteh, 2014-09-12 Village Phone Replication Manual David Keogh, Tim Wood, United

Nations ICT Task Force,2005 Why is it such a challenge to provide telecommunications to rural areas High initial infrastructure investment relative low call volumes high maintenance costs due to harsh environments cash box collection needs cash security costs for coin operated phones card availability for prepaid airtime systems technical illiteracy remote locations and high transportation costs are just some of the impediments to providing rural telecommunications access This manual is based on the experiences of the Village Phone Programmes in Bangladesh and Uganda In rural villages where no telecommunications services have previously existed the programme provides cellular phones via a sustainable financing mechanism to poor entrepreneurs who use the phone to operate a business Such has been the success that over 2 000 village phone businesses are now operating in remote villages of Uganda This manual is a guideline for replicating the programme in a new country It establishes a template for creating sustainable initiatives that bring telecommunications to the poor create viable new businesses for micro entrepreneurs and expand the customer base for telecommunications companies
