**Raising a Reader** Bonnie D. Schwartz, 2003-11-05 With so many discussions and theories on reading and how children learn to read it can be very confusing for parents to know the best way to get their kids to read In *Raising a Reader* Bonnie Schwartz lays out simple researched and practice proven approaches that a parent can do to promote literacy in the home and encourage children to explore the great adventures to be found in books The first step in fostering literacy and good reading strategies in the home is to learn a little bit about how language is acquired and how this affects the development of reading The purpose of this book is to expose parents to these processes and build a knowledge base of basic games activities and strategies parents can easily use at home to foster reading development Academic Assessment and Intervention Steven Little, Angeleque Akin-Little, 2014-01-21 Serving students with academic deficiencies necessitates communication and collaboration among professionals from several disciplines *Academic Assessment and Intervention* brings together divergent approaches in order to demonstrate that scientific evidence rather than biases or previous practice must determine assessment practices that are selected and used for particular purposes Similar to a handbook in its comprehensive topical coverage this edited collection provides a contextual foundation for academic assessment and intervention describes both norm referenced and curriculum based assessment measurement in detail considers the implications of both of these assessments on ethnically diverse populations provides a clear link between assessment evidence based interventions and the RTI model and considers other important topics related to this area such as teacher behavior Intended primarily for graduate level courses in education school psychology or child clinical psychology it will also be of interest to practicing professionals in these fields *Handbook of Research on Mobile Devices and Smart Gadgets in K-12 Education* Khan, Amar Ali, Umair, Sajid, 2017-07-12 The use of technology can significantly enhance educational environments for students It is imperative to study new software hardware and gadgets for the improvement of teaching and learning practices The *Handbook of Research on Mobile Devices and Smart Gadgets in K 12 Education* is a pivotal reference source featuring the latest scholarly research on the opportunities and challenges of using handheld technology devices in primary and secondary education Including coverage on a wide variety of topics and perspectives such as blended learning game based curriculum and software applications this publication is ideally designed for educators researchers students and technology experts seeking current research on new trends in the use of technology in education *Early Childhood Development: Concepts, Methodologies, Tools, and Applications* Management Association, Information Resources, 2018-12-07 A focus on the developmental progress of children before the age of eight helps to inform their future successes including their personality social behavior and intellectual capacity However it is difficult for experts to pinpoint best learning and parenting practices for young children *Early Childhood Development Concepts Methodologies Tools and Applications* is an innovative reference source for the latest research on the cognitive socio emotional physical and linguistic development of

children in settings such as homes community based centers health facilities and school Highlighting a range of topics such as cognitive development parental involvement and school readiness this multi volume book is designed for educators healthcare professionals parents academicians and researchers interested in all aspects of early childhood development
