**Hinduism in the Modern World** Brian A. Hatcher, 2015-10-05 Hinduism in the Modern World presents a new and unprecedented attempt to survey the nature range and significance of modern and contemporary Hinduism in South Asia and the global diaspora Organized to reflect the direction of recent scholarly research this volume breaks with earlier texts on this subject by seeking to overcome a misleading dichotomy between an elite intellectualist modern Hinduism and the rest of what has so often been misleadingly termed traditional or popular Hinduism Without neglecting the significance of modern reformist visions of Hinduism this book reconceptualizes the meaning of modern Hinduism both by expanding its content and by situating its expression within a larger framework of history ethnography and contemporary critical theory This volume equips undergraduate readers with the tools necessary to appreciate the richness and diversity of Hinduism as it has developed during the past two centuries Yoga Life, 1992 Results of Spiritual Research Rudolf Steiner, 2022-04-26 In a previously unavailable series of talks to the general public Rudolf Steiner builds systematically lecture by lecture on the fundamentals of spiritual science from the nature of spiritual knowledge and its relationship to conventional science the path of personal development and the task of metaphysical research to specific questions on the mystery of death the meaning of fairy tales the significance of morality and the roles of individual figures in human evolution such as Leonardo da Vinci Raphael and Jacob Boehme At the time of these presentations Steiner had already worked in Berlin for many years and thus could reckon with a regularly returning audience to whom what mattered was to enter ever more deeply into the areas of
