Campus with Purpose Stephen Lehmkuhle, 2020-10-16 When Stephen Lehmkuhle became the chancellor of the brand new University of Minnesota Rochester campus he had to start from scratch He did not inherit a legacy mission that established what the campus did and how to do it rather he needed to find a way to rationalize the existence of the nascent campus Lehmkuhle recognized that without a shared understanding of purpose the scope of a new campus expands at an unsustainable rate as it tries to be all things to all people and so his first act was to decide on the driving purpose of the campus He then used this purpose to make decisions about institutional design scope programs and campus activities Through personal and engaging anecdotes about his experience Lehmkuhle describes how higher education leaders can focus on campus purpose to create new and fresh ways to think about many elements of campus operation and function and how leaders can protect the campus's purpose from the pervasive higher education culture that is hardened by history and habit
