**A Guide to Literary Criticism and Research** Bonnie Klomp Stevens, Larry L. Stewart, 1996 Like the first two editions of A Guide to Literary Criticism and Research this edition is based both on a recognition of a practical need felt in many literature courses and a view of literary study It attempts to meet the practical need by offering upper level students a condensed but adequate guide to the range of modern criticism and to basic methods of research In addition it is a hope that the book will give students a more comprehensive view of literary study by helping them to recognize criticism and research as two closely linked parts of a single process
