Wild Ride Adam Lashinsky, 2017-05-23 In your pocket is something amazing a quick and easy way to summon a total stranger who will take you anywhere you'd like In your hands is something equally amazing the untold story of Uber's meteoric rise and the massive ambitions of its larger than life founder and CEO Before Travis Kalanick became famous as the public face of Uber he was a scrappy rough edged loose lipped entrepreneur And even after taking Uber from the germ of an idea to a 69 billion global transportation behemoth he still describes his company as a start up Like other Silicon Valley icons such as Steve Jobs and Elon Musk he's always focused on the next disruptive innovation and the next world to conquer Both Uber and Kalanick have acquired a reputation for being combative relentless and iron fisted against competitors They've inspired both admiration and loathing as they've flouted government regulators thrown the taxi industry into a tailspin and stirred controversy over possible exploitation of drivers They've even reshaped the deeply ingrained consumer behavior of not accepting a ride from a stranger against the childhood warnings from everyone's parents Wild Ride is the first truly inside look at Uber's global empire Veteran journalist Adam Lashinsky the bestselling author of Inside Apple traces the origins of Kalanick's massive ambitions in his humble roots and he explores Uber's murky beginnings and the wild ride of its rapid growth and expansion into different industries Lashinsky draws on exclusive in depth interviews with Kalanick and many other sources who share new details about Uber's internal and external power struggles He also examines its doomed venture into China and the furtive fight between Kalanick and his competitors at Google Tesla Lyft and GM over self driving cars Lashinsky even got behind the wheel as an Uber driver himself to learn what it's really like Uber has made headlines thanks to its eye popping valuations and swift expansion around the world But this book is the first account of how Uber really became the giant it is today and how it plans to conquer the future
