Gambling Law Review Carl Rohsler, 2017-07-12 The *Gambling Law Review* edited by Carl Rohsler of Squire Patton Boggs enables a lawyer or executive to swiftly and effectively plug in to the regulatory and legal structure of a wide range of jurisdictions across the world and understand in a few pages the legal climate the likely issues that will arise in doing business in that jurisdiction and the overall legal risk Gambling law in many jurisdictions has changed and evolved significantly but the essential predicament remains the same staying on top of the hugely varied and constantly changing corpus of law and regulation There are in depth examinations of gambling in law in 24 jurisdictions as well as editorial chapters on Gambling a Legal And Philosophical Overview an Overview of US Federal Gaming Law as well as Gambling and European Law Contributing firms include Addisons Lawyers McCann FitzGerald Brownstein Hyatt Farber Schreck LLP and Squire Patton Boggs

Gambling Cultures Jan McMillen, 2005-12-20 First published in 1996 Routledge is an imprint of Taylor Francis an informa company

Regulating Commercial Gambling David Miers, 2004 Three quarters of the British population gamble mainly on the National Lottery and they generate around 46 billion pounds a year This volume sets recent developments in the regulation and deregulation of its three primary forms betting gaming and lotteries against an account of their social and legal history Many of the concerns that excite controversy today are little different from those with which the Home Office grappled for most of the nineteenth and twentieth centuries Based upon Home Office files and contemporary accounts this book begins by evaluating how the law was used to control and suppress popular gambling Miers shows how and why prohibition gave way to the recognition that regulation offered a more effective method of controlling a social pastime that by the mid twentieth century had become a feature of everyday life Concerns over gambling have recently resurfaced as a result of Government proposals to replace the existing strict controls with a regulatory regime that will give greater scope for licensees to adopt more competitive practices Like the introduction of the National Lottery in 1994 these proposals represent a marked departure from the traditional response to permit but not to stimulate commercial gambling The potential for expansion in opportunities to gamble raises concerns about the accessibility of gambling to children and the possibility of increased numbers of problem gamblers Miers examines the implementation and impact of the present law governing gaming and the National Lottery in terms of regulation and the enforcement of regulatory regimes He focusses on how these regimes regulate the probity of the supplier the supply of gambling opportunities the nature of the transaction and the player s participation The book concludes with an evaluation of the Gambling Bill a draft of which was published in 2003 aiming to give effect to the Government s proposals

Scarne's Guide to Casino Gambling John Scarne, 1978

MotorBoating , 1913-07

Managing with Information Jerome Kanter, 1992 Approaching information systems from a practical hands on line management perspective this book presents business applications first followed by the supporting technology The author uses frameworks and constructs to explain complex subjects adds relevant and practical subject
