Cottingham, 2022 Tracing emotions across work leisure social media and politics *Practical Feelings* counters old myths and shows how emotions are practical resources for tackling individual and collective challenges We do not usually think of our emotions as practical often they are nuisances to overcome momentary mysteries to solve or fleeting sensations to savor before getting back to the business of living But emotions interlace the practical elements of daily life In *Practical Feelings* Marci D Cottingham develops a theory of emotion as practical resources By integrating the sociology of emotion with practice theory Cottingham covers diverse areas of social life to show the range of an emotion practice approach and trace how emotions are put to use in divergent domains Spanning work leisure digital interactions and the political sphere Cottingham portrays nurses sports fans social media users and political actors in more complex holistic ways *Practical Feelings* provides the conceptual tools needed to examine emotions as effort energy and embodied resources that calibrate us to the social world Money Penny; Or The Heart of the World Cornelius Mathews, 1853 **Rendezvous with Oblivion** Thomas Frank, 2018-07-30 From the acclaimed author of *Listen Liberal* and *What's the Matter with Kansas* comes a scathing collection of his incisive commentary on our

cruel times perfect for this political moment What does a middle class democracy look like when it comes apart When after forty years of economic triumph America's winners persuade themselves that they owe nothing to the rest of the country With his sharp eye for detail Thomas Frank takes us on a wide ranging tour through present day America showing us a society in the late stages of disintegration and describing the worlds of both the winners and the losers the sprawling mansion districts as well as the lives of fast food workers *Rendezvous with Oblivion* is a collection of interlocking essays examining how inequality has manifested itself in US cities in its jobs in the way its people travel and of course in its politics where in 2016 millions of anxious ordinary people rallied to the presidential campaign of a billionaire who meant them no good These accounts of folly and exploitation are brought together in a single volume unified by Frank's distinctive voice sardonic wit and anti orthodox perspective They capture a society where every status signifier is hollow where the allure of mobility is just another con game and where rebellion too often yields nothing For those who despair of the future of America and of reason itself *Rendezvous with Oblivion* is a booster shot of energy reality and moral outrage
