Mobilities in Remote Places Phillip Vannini, 2023-07-21 *Mobilities in Remote Places* explores the meanings challenges and opportunities of remoteness as practiced and experienced by those who live and work in some of the world's most remote communities As mobilities around the world proliferate in countless forms the meanings of remoteness undergo significant change Places once considered impossibly distant have appeared to become closer more accessible and less distinct from global centers of geopolitical power But instead of disappearing altogether configurations of remoteness evolve manifesting themselves through new possibilities new challenges and new insecurities Drawing from a variety of case studies from around the globe the contributors of the book examine remoteness as an outcome of evolving mobility constellations Rather than defining remoteness as an absolute or objective time distance condition the book shows how remoteness is a practice experience and representation that is situated relational and emergent This collection of original and thought provoking chapters will be of interest to students and researchers in the humanities and social sciences with an interest in mobilities place and human geography Chapter 10 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Pain-Free Life: Andrea Hayes, 2016-02-12 Irish broadcaster and producer Andrea Hayes is well known to the Irish public for her positive friendly and down to earth persona on television and radio Hidden behind her smile though is Andrea's battle with constant chronic pain After over 20 years of unanswered questions misdiagnosis failed procedures and despair the diagnosis of a rare neurological disorder Chiari Malformation 1 in December 2013 set Andrea on a journey of wellness to become an empowered patient Andrea's compelling and candid story is an insightful and thought provoking read revealing the daily struggle of life with an invisible illness and the step by step personal pain management programme she has developed in her search for a pain free life Trained as a clinical hypnotherapist Andrea explores the power of the mind and challenges the language of pain to create a positive mind set This transformative enlightening and inspiring book is a must read for anyone suffering from or affected by pain or a chronic illness The curative relaxation hypnosis that accompanies the book is an excellent mechanism for self healing and will also provide many more positive effects than just pain control for any daily wellness routine
