Lyft This Week:

Uberland Alex Rosenblat, 2018-10-23 Silicon Valley technology is transforming the way we work and Uber is leading the charge. An American startup that promised to deliver entrepreneurship for the masses through its technology, Uber instead built a new template for employment using algorithms and Internet platforms. Upending our understanding of work in the digital age, *Uberland* paints a future where any of us might be managed by a faceless boss. The neutral language of technology masks the powerful influence algorithms have across the New Economy. *Uberland* chronicles the stories of drivers in more than twenty-five cities in the United States and Canada over four years, shedding light on their working conditions and providing a window into how they feel behind the wheel. The book also explores Uber's outsized influence around the world; the billion-dollar company is now influencing everything from debates about sexual harassment and transportation regulations to racial equality campaigns and labor rights initiatives. Based on award-winning technology ethnographer Alex Rosenblat's firsthand experience of riding over 5,000 miles with Uber drivers, daily visits to online forums, and face-to-face discussions with senior Uber employees, *Uberland* goes beyond the headlines to reveal the complicated politics of popular technologies that are manipulating both workers and consumers.

Easy Weekend Getaways in the Hudson Valley & Catskills

Carly Fisher, 2020-04-14 Monday can wait. Take a break from the chaos with a perfectly planned upstate getaway. The Hudson Valley and Catskills are destinations New Yorkers can't get enough of. Unlike typical travel guides, *Easy Weekend Getaways in the Hudson Valley Catskills* ditches the well-worn antiquing, golfing, and family-friendly activities for a focus on what's really drawing creative and trend-forward travelers up north: experimental art, incredible agriculture, action-packed outdoor adventures, artisanal producers and makers, bizarre and fascinating historical attractions, rustic-chic bed and breakfasts, holistic retreats, and more—all hidden within a stunning landscape that delights year-round. While these regions continue to gain popularity with city dwellers trying to make a break for it, it has always been a complicated DIY process. This guide takes the work out of piecing together an itinerary so that overworked travel obsessives can get the most out of their precious time off with these curated upstate getaways.

The Cambridge Handbook of U.S. Labor Law for the Twenty-First Century Richard Bales, Charlotte Garden, 2019-12-05 Over the last fifty years in the United States, unions have been in deep decline while income and wealth inequality have grown. In this timely work, editors Richard Bales and Charlotte Garden, with a roster of thirty-five leading labor scholars, analyze these trends and show how they are linked. Designed to appeal to those being introduced to the field as well as experts seeking new insights, this book demonstrates how federal labor law is failing today's workers and disempowering unions: how union jobs pay better than nonunion jobs and help to increase the wages of even nonunion workers; and how, when union jobs vanish, the wage premium also vanishes. At the same time, the book offers a range of solutions, from the radical—such as a complete overhaul of federal labor law—to the incremental, including reforms that could be undertaken by federal agencies on their own.

Beyond the Algorithm Deepa Das Acevedo, 2020-11-05
