The NBA's Global Empire Joshua K. Wright, 2025-02-21 During the 1992 Summer Olympics in Barcelona the Dream Team a collective of the National Basketball Association's top talent led by Michael Jordan Magic Johnson Larry Bird and Charles Barkley shook up the world as they amazed spectators and opponents on their way to winning gold Their success introduced the world to the NBA's charismatic superstars and their artistic brand of basketball Over the next two decades youth outside of America dreamed of becoming the next Michael Jordan Kobe Bryant and LeBron James The NBA took advantage of its popularity in China by forming lucrative television and streaming deals and opening training academies By the 2022-23 NBA season there were 109 international players from 39 countries a Canadian franchise and a league in Africa Today's best players are Africans Canadians and Europeans like Nikola Jokic and Victor Wembanyama This book presents the history of the NBA's ascension to a billion dollar global empire analyzing the globalization of American sports since the end of the Cold War and the dawn of the millennium How essential is globalization for the NBA to thrive in the 21st century Do the benefits outweigh the geopolitical controversies associated with being a global brand Is globalization responsible for a decline in American born NBA players and declining domestic popularity These questions and others are answered in this first treatment of the NBA's global reach

sport organization's purpose and structure it's essential to understand who wields power and which decisions are made by those who possess it. Regrettably the abuse of power coupled with ineffective governance and lackluster leadership has fostered widespread corruption within sport organizations a situation that calls for a renewed commitment to practicing principles of good governance and restoring integrity and ethical conduct. In response the updated and enhanced *Governance in Sport Analysis and Application Second Edition* aims to equip students with the skills to navigate both ordinary and extraordinary situations encountered in the oversight and authority of sport organizations at all levels of sport Governance in Sport examines sport governance from three broad analytical and applied perspectives: A legal and managerial overview of practices processes and policies in sport organizations encompassing ethical behavior effective leadership decision making and policy development; A framework of the structures and functions of regulatory agencies that govern state national regional and international sports; An applied overview of governance and authority in selected sectors of the industry including professional sports amateur sports sports media sports betting esports and more. Through examinations of contemporary hot button issues and compelling new case studies covering the Ukraine invasion Brittney Griner transgender athletes in sports LIV Golf versus the PGA conference realignment name image and likeness NIL issues the Kanjuruhan Stadium catastrophe and the workplace misconduct in the Washington Commanders organization students will see how governance differs in sport organizations at various levels in the United States and around the world. Additional new features include the following: Headlines begin each chapter calling out incidents of corruption within the sport industry; Rules and Regulations Corners provide quick overviews of policies and laws affecting weighty issues; Combating Corruption sections offer best practices for preventing and minimizing behavior deemed illegal unethical or counterintuitive; Governance in Action case sidebars explore real world examples of conflicts and conundrums related to the chapter topic and include discussion questions; suggested responses to the questions can be found in the instructor guide; Recorded lectures by author Bonnie Tiell are available for each chapter of the book. Instructors can use these videos to enhance their lectures. With *Governance in Sport* students will develop an understanding of where power resides how decisions are made and the impact of those factors on the goals and structures of sport organizations.
