How to Find a Black Cat in a Coal Cellar Joseph Buchdahl, 2013-01-25 How do we know if we can beat the bookmaker That s easy just look at our bank balance But how do we know if we ve not just been lucky More specifically how do we know that someone who says he can do it and who is selling his expertise can keep doing it again and again through talent skill and hard work This book examines the techniques available to answer that question to identify those qualities and to help the punter find value for money in an industry that appears to be largely built on trust and the influence of chance to uncover the truth about sports tipsters and ultimately how to find the best tipsters the Black Cats *Transmission of Gambling Information* United States. Humphreys, Robert Simmons, 2017-07-28 This unique book delves into a number of intriguing issues and addresses several pertinent questions including should gambling markets be privatized Is the hot hand hypothesis real or a myth Are the many smarter than the few in estimating betting odds How are prices set in fixed odds betting markets The book also explores the informational efficiency of betting markets and the prevalence of corruption and illegal betting in sports *Racetrack Betting* Peter Asch, Richard E. Quandt, 1986 A day at the races with its colorful variety and fact paced action appeals to people from all walks of life Not surprisingly the idea of going home with a few more dollars than when one arrived is part of horseracing s charm In this entertaining but substantive volume two distinguished economists who happen to be horseracing buffs outline a tested strategy for placing bets that will increase the reader s chances of a happy outcome at the track The authors are the first to point out that getting rich at the racetrack is unlikely They do maintain however that with attention to their systematic approach the racing fan can achieve the best possible chance at winning In the process the reader learns some of the most important measurement techniques in the social sciences as well as the basic methods of market analysis *Inland Waterways Corporation* United States.
