**The Obesity Code** Jason Fung, 2016-03-17 We are in the midst of an obesity epidemic but despite being inundated with diet advice we are only getting fatter We count calories and exercise regularly yet still the pounds won't budge Why In this highly readable and provocative book Dr Jason Fung sets out a groundbreaking new theory that obesity is caused by our hormones rather than a lack of self control He reveals that overproduction of insulin in the body is the root cause of obesity and obesity related illnesses including type 2 diabetes and offers robust scientific evidence that reversing insulin resistance is the only way to lose weight in the long term It turns out that when we eat is just as important as what we eat so in addition to his five basic steps a set of life long eating habits that will improve your health and control your insulin levels Dr Fung explains how to use intermittent fasting to break the cycle of insulin resistance and reach a healthy weight for good

**Sexing Code** Claudia Herbst, 2008 Critically investigating the gender of programming in popular culture Sexing Code proposes that the de facto representation of technical ability serves to perpetuate the age old association of the male with intellect and reason while identifying the female with the body Challenging this division in which code is situated within the male sphere the discussion highlights women's contributions in the writing and theorizing of code particularly in the digital arts hacking and hacktivism Presenting an accessible and lively discussion Sexing Code demonstrates that the gendering of programming selectively confers the privilege of authorship and is therefore a salient factor in the production of culture in the twenty first century
