The world we grew up in is gone For decades Baby Boomers believed in steady pensions reliable savings and the promise that Social Security would provide security in our later years But those pillars are now crumbling under the weight of inflation endless government debt and a financial system that enriches the few while hollowing out the many What once felt solid is now quicksand Bitcoin for Boomers is not a get rich quick scheme or a technical manual It is a roadmap to financial freedom in a time of great uncertainty Written with Boomers in mind this book strips away the jargon and fear showing in plain language why Bitcoin is not just speculation but the most important form of money ever invented It is scarce
