## **Protein Breakfast Near Me Returns:**

**The Heroes Return** Monica Tesler, 2019-12-17 Jasper and Mira must escape the rift and deliver the Youli's message to Earth Force before it's too late in this action-packed fourth novel in what Shannon Messenger calls the richly detailed highly imaginative Bounders series. After escaping the Youli's attack on Alkalinia, Jasper and Mira find themselves trapped with the lost aeronauts in the rift, a rip in space where time moves differently. For every minute they spend in the rift, they are losing days back home. Just when Jasper fears they'll be stuck in limbo forever, the most unlikely ally shows up: the Youli. The Youli promise to rescue everyone in the rift, but their help comes at a price. First, Jasper must tell Earth Force that the Youli want peace. And second, Mira can't return with Jasper. She has to leave with the Youli. Back home, almost a year has passed. The Youli war is public. Bounders are in space full time, and Jasper's pod is divided. Cole and Lucy have been promoted. Marco and Addy are missing. Jasper delivers the Youli's message, but the admiral isn't interested in peace talks. Instead, she sends Jasper and the aeronauts on a publicity tour of Earth to build support for the war. At first, Jasper revels in the spotlight. But it soon becomes clear that if Jasper doesn't convince Earth Force to stop fighting, and soon there won't be an Earth left to fight for, and he may never see Mira again.

**"Happy Eating" and Food Addiction in American Advertising** Debbie Danowski, 2023-10-30 This book explores the addictive techniques used in advertisements for ultra-processed foods which promise consequence-free eating to consumers while at the same time encouraging overconsumption of unhealthy food. Debbie Danowski presents an analysis of promotional techniques in the context of food addiction characteristics and behaviors through an exploration of the themes used in this type of advertising. These thematic messages include using food to rebel, to play, to relax, to achieve happiness, to replace exercise, to achieve good health, to increase intelligence, to show love, to bond with others, and to create environmental change. Ultimately, Danowski argues that these competing and contradictory messages have had long-term negative ramifications for American habits of consumption, both literally and figuratively. Scholars of communication, advertising, media studies, and food studies will find this book particularly useful. For more information, check out this conversation between the author and Susan Branscome, host of Food Addiction: The Problem and The Solution.
