Ring Doorbell Top Returns:

THE RETURN OF THE PRAIRIE ROSE Allan Young, 2013-01-26 Maria had dared to invade a territory thought exclusive to men especially by the men that of product design and manufacturing Having a degree in mechanical engineering did not absolve her from being scorned rejected and emotionally persecuted by her supervisors Had it not been for a newfound love and her home away from home she would have moved on But after losing that love and going on to exciting business adventures in other fields she was reluctantly coming back the manufacturing company and its managers who had treated her so abominably when she was young It would be different this time She could guarantee that because she is now the president of the company Then new circumstances discovering that she now owns a farm and a century old mansion give her the incentive that she needs to start a new business Resolving the accompanying problems while combating both personal and business nemeses leads to success as well as romance in her newly defined life
