Science Experiments Reddit Last 90 Days:

Climate Change Denial and Public Relations Núria Almiron, Jordi Xifra, 2019-06-26 This is the first book on climate change denial and lobbying that combines the ideology of denial and the role of anthropocentrism in the study of interest groups and communication strategy Climate Change Denial and Public Relations Strategic Communication and Interest Groups in Climate Inaction is a critical approach to climate change denial from a strategic communication perspective The book aims to provide an in depth analysis of how strategic communication by interest groups is contributing to climate change inaction It does this from a multidisciplinary perspective that expands the usual approach of climate change denialism and introduces a critical reflection on the roots of the problem including the ethics of the denialist ideology and the rhetoric and role of climate change advocacy Topics addressed include the power of persuasive narratives and discourses constructed to support climate inaction by lobbies and think tanks the dominant human supremacist view and the patriarchal roots of denialists and advocates of climate change alike the knowledge coalitions of the climate think tank networks the denial strategies related to climate change of the nuclear oil and agrifood lobbies the role of public relations firms the anthropocentric roots of public relations taboo topics such as human overpopulation and meat eating and the technological myth This unique volume is recommended reading for students and scholars of communication and public relations **The Glass Cliff** Sophie Williams, 2024-03-07 The Glass Cliff is a conversation about what happens when women break the rules and break through The Glass Ceiling Every current and aspiring leader needs to read this book Helen Tupper Sarah Ellis authors of The Squiggly Career and You Coach You Clever brilliantly researched and vitally important Dawn O Porter bestselling author of The Cows and Cat Lady Have you ever wondered why there are so few success stories of women in business leadership Or maybe you've wondered what life is really like on the other side of The Glass Ceiling The world of work is supposedly changing embracing diversity yet are the opportunities we're giving to women really equal to those of men Drawing on almost twenty years of research from around the world The Glass Cliff phenomenon whereby women are often only hired in leadership roles when a business is already underperforming meaning their chances of success are limited before they even start in the role is well established but little known Until now This is the story of The Glass Cliff a story of a structural inequality disguising itself as the personal failures of women When Sophie Williams gave her viral TED talk on the subject she was subsequently flooded with accounts of confident accomplished women who had taken what seemed like a dream leadership role only to quickly find themselves in a waking nightmare Without the language to describe their experiences they had been left blaming themselves But learning about The Glass Cliff enabled them to reframe and reexamine what they'd gone through Once we understand The Glass Cliff once we can stand together and face it head first we can start to unravel so many other false narratives about women's leadership experiences that just don't make sense without it By understanding the phenomenon and by telling one another about it we can affect the conversation empower one

another to overcome societal bias and ultimately change the world of work for women forever
