**Forging Zero** Sara King, 2018-10-03 For lovers of sci fi thrillers alien invasion stories space opera and sprawling first contact science fiction this is an unforgettable post apocalyptic epic about perseverance and survival in a harsh new world where humanity is just another item on the menu First Contact doesn't go as anyone expected Now they own us The Legend of ZERO Forging Zero is the epic journey of 14 year old Joe Dobbs in a post apocalyptic universe following a massive galactic empire's invasion of Earth The oldest of the children drafted from humanity's devastated planet Joe is impressed into service by the alien Congressional Ground Force and becomes the unwitting centerpiece in a millennia long alien struggle for independence Once his training begins one of the elusive and prophetic Trith appears to give Joe a spine chilling prophecy that the universe has been anticipating for millions of years Joe will be the one to finally shatter the vast alien government known as Congress And the Trith cannot lie But first Joe has to make it through bootcamp Beyond Trappist 1 Daniel Rhoades, 2021-12-22 This story starts with a kid by watching television heard the theory that the Earth will be consumed by the sun the fear of this caused an incredible journey from the Moon to the center of The Milky way and the inventions of a group of people that made journey possible Joseph Stine is the main character he developed a new computer system using Nanites He called the system MANN this system morphs into the main character over thousands of years of evolution of the Nanites this happened due to Joe experimenting on himself with medical Nanites to keep him strong and healthy He sold a copy of MANN to the U S government but felt he needed a way to control MANN and MANN 2 and creates a Special Nanite implanted into himself and his daughter Crystal Joe wanted to use Nanites for the good of Mankind Crystal not so much Joe goes to the far reaches of space Crystal stayed behind on Earth and became a dictator but was killed by an act of God That bothered Joe and he would think of it often On the space craft named Home the Joe and the crew slept for 20 years in a Hybercell and would wake up for a week at a time over hundreds of years Joe convinced the crew to agree to enhancing themselves with Nanites for their health and wellbeing They agree and their evolution began They colonize a planet and find life on exo planets some odd some awfully familiar Alien life that had depleted their home planet of everything and forced to recycle minerals and everything they needed from other places In order for Joe to get their technology he infected them with Nanites speeding transportation to faster than the speed of light A thousand years later Joe no longer existed and had become Special Special then evolves into a mass of Nanites and after a few thousand years they try to return to Earth but something was keeping them away Special makes a final attempt to escape to gravity of Sagittarius A when it meets God
