Michael Lanphier, 2003-01-01 Toronto is perhaps the most multicultural city in the world The process of settlement and integration in modern day Toronto is however more difficult for recent immigrants than it was for those newcomers arriving in previous decades Many challenges face newly settled immigrants top among them access to healthcare education employment housing and other economic and community services The concept of social exclusion opens up promising ways to analyze the various challenges facing newcomers and The World in a City explores Toronto's ability to sustain a civic society This collection of essays highlights why the need to pay more attention to certain at risk groups and the importance of adapting policy to fit the changing settlement and clustering patterns of newcomers is of crucial importance The authors findings demonstrate that there are

many obstacles to providing opportunity for immigrants low resource bases in particular Toronto they suggest does not provide a level playing field for its newly arrived inhabitants and in failing to recognize the particular needs of new communities fails to ensure a growth that would be of immense benefit to the city as a whole *Dutch Calvinism in Modern America* James D. Bratt, 1984 A rare combination of scholarship and wit Delightful for anyone seeking insight on the Dutch in modern America George Marsden In this scholarly yet entertaining book James D Bratt takes a look at the Dutch in America from the late 19th century to the present A comprehensive study of an ethnic subculture the book is in large part a study of the groups religious history as well since as Bratt points out the contours of the Dutch presence in America have been overwhelmingly shaped by the church and its subsidiary organizations Although the book is extensively and scrupulously documented Bratt has infused his scholarship with a considerable amount of anecdote that is by turns poignant and tragic and hilarious In Bratts analysis of the fitful progress of Americanization that this close knit religious community has undergone we are treated to the sharp insights of a bemused and sometimes disaffected insider Included is a chapter on novelists Arnold Mulder David Cornel DeJong Frederick Manfred and Peter DeVries four sons of the Dutch who fled the subculture only to reflect upon it almost obsessively from the outside Well written scholarly and highly readable *Dutch Calvinism in Modern America* will have wide appeal among both academic and general readers James D Bratt is Professor of history at Calvin College in Grand Rapids Michigan Handbuch der empirischen Sozialforschung René König, 1969
