

PLANNED SHORT-TERM TREATMENT

S E C O N D E D I T I O N

RICHARD A. WELLS

Planned Short Term Treatment

**Rhode Island Statewide Planning
Program**

Planned Short Term Treatment:

Planned Short Term Treatment, 2nd Edition Richard Wells, 2010-06-15 The first edition of Planned Short Term Treatment established itself as an essential guide for social work and other clinical practitioners by showing them how by limiting the duration and scope of treatment they can help their clients solve the problems that bring them to therapy In this revised edition the author maintains this focus on social work practice while integrating several new approaches He includes a new chapter on marital and family intervention which clinically illustrates the practice applications of such theories as One Person Family Therapy and the Relationship Enhancement approach to marital therapy He also incorporates the new advances in the treatment of anxiety and depression through a discussion of both cognitive therapy and interpersonal psychotherapy and includes new sections dealing with very brief psychotherapy one to two sessions Planned Short Term Treatment Second Edition will be both an invaluable text for social work students and a comprehensive guide for the social work practitioner and other mental health professionals

Planned Short-term Treatment Richard A. Wells, 1982 The first edition of Planned Short Term Treatment established itself as an essential guide for social work and other clinical practitioners by showing them how by limiting the duration and scope of treatment they can help their clients solve the problems that bring them to therapy In this revised edition the author maintains this focus on social work practice while integrating several new approaches He includes a new chapter on marital and family intervention which clinically illustrates the practice applications of such theories as One Person Family Therapy and the Relationship Enhancement approach to marital therapy He also incorporates the new advances in the treatment of anxiety and depression through a discussion of both cognitive therapy and interpersonal psychotherapy and includes new sections dealing with very brief psychotherapy one to two sessions Planned Short Term Treatment Second Edition will be both an invaluable text for social work students and a comprehensive guide for the social work practitioner and other mental health professionals

Essentials of Treatment Planning Mark E. Maruish, 2002-11-08 A practical guide to effective treatment planning Expert advice includes case examples callout boxes and Test Yourself questions Conveniently formatted for rapid reference Improve patient care through better treatment planning and monitoring Essentials of Treatment Planning presents a clear and concise approach to the development and use of treatment plans in behavioral health care settings This nuts and bolts guide covers such essential material as the role and benefits of treatment planning in a clinical setting methods for conducting comprehensive patient assessments the use of assessment information to develop the basis of individual treatment plans and strategies for ongoing evaluations and revisions of treatment plans Essentials of Treatment Planning guides you in how to develop and use treatment plans to strengthen the entire treatment process An important component in documentation accurate treatment plans provide such benefits as meeting the accountability requirements of managed behavioral health care organizations allowing for more efficient coordination of care with other health care professionals and facilitating better communication with outside reviewers Mental

health professionals may gain the additional security of protection from certain types of litigation. As part of the Essentials of Mental Health Practices series, this book provides the information mental health professionals need to practice knowledgeably, efficiently, and ethically in today's behavioral health care environment. Each concise chapter features numerous callout boxes highlighting key concepts, bulleted points, and extensive illustrative material, as well as Test Yourself questions that help you gauge and reinforce your grasp of the information covered.

Paradigms of Clinical Social Work Rachelle A.

Dorfman, 1988. First Published in 1988. Routledge is an imprint of Taylor & Francis, an information company. Emotional Disorders in Children and Adolescents G. Pirooz Sholevar, Ronald M. Benson, Barton J. Blinder, 2013-10-22. Emotional Disorders in

Children and Adolescents states that individual psychotherapy is a nonspecific label. It is done when two people interact in a prolonged series of emotionally charged encounters with the purpose of changing the behavior of the dyad. The motives and dynamics of individual psychotherapy are explained in detail, as well as the history of the approach. The book discusses the concept of child psychoanalysis. This section includes its historical background, the similarities and differences between child and adult psychoanalysis, the age of the child that should be treated, and frequency of treatment. The text also covers some techniques in the application of psychoanalysis. A broad section of the volume is focused on the modification of the child's behavior as a type of treatment. This chapter is followed by a section on the behavioral approaches in adolescent psychiatry. The book will provide useful information to psychologist, psychiatrist, behavioral specialist, students, and researchers in the field of psychology.

Social Casework, 1980

Studies in Area-wide Planning for Waste Treatment Management

University of Illinois at Urbana-Champaign. Department of Urban and Regional Planning, 1974.

Treatment Planning for

Rehabilitation Mark N. Ozer, Otto D. Payton, Craig E. Nelson, 2000. Going beyond patient education, this source outlines proven strategies for enlisting patients' participation in the goals of the rehabilitation program. Comes complete with actual case studies to show how the model can be used in the clinical setting. Packed with useful advice for every member of the health care team, from psychiatrist to physical therapist to social worker.

The Social Service Review Edith

Abbott, Sophonisba Preston Breckinridge, 1981. Includes sections: Book reviews and Public documents.

Interpersonal

Helping Joel Fischer, 1973.

The Tools and Techniques of Financial Planning Stephan R. Leimberg, Martin J.

Satinsky, Robert T. LeClair, 1987.

Handbook of Clinical Intervention in Child Sexual Abuse Suzanne M. Sgroi, 1982

Valuable resource for professionals in fields of psychiatry, psychology, mental health, social work, and teaching, also for concerned parents. Provides guidelines for treating the child and family and systems for prevention. Techniques of different therapies are discussed, as well as procedures for reporting, investigating, and interviewing the child.

Psychiatric

Hospitalization of School-age Children Richard Dalton, Marc A. Forman, 1992. The psychiatric hospitalization of the school-age child, from making the initial decision to planning treatment to providing for aftercare, is fraught with potential pitfalls. In this guidebook, the special needs of children ages 6-12 are balanced against the stark realities of hospitalization. The authors

address the key issues facing clinicians Is hospitalisation the best course for a particular patient When are psychological and or laboratory tests most useful in making an assessment How does one design a treatment plan that optimises the care during the hospital stay authors discuss hospital admission evaluation treatment planning the phases of hospitalisation discharge planning and aftercare They also review the role of individual psychotherapy the uses of behavioural techniques group therapy and family approaches and the integration of pharmacotherapy into the total treatment process For each chapter the authors outline obstacles that confound delivery of optimal care within various inpatient settings and administrative issues It aims to be a useful tool for the clinician seeking practical advice on the inpatient treatment of children *Handbook for Screening Adolescents at Psychosocial Risk* Mark I. Singer, Lynn T. Singer, Trina M.

Anglin, 1993-05-17 Nurses and social workers who work in urban hospital emergency departments frequently encounter youths who are involved in gang violence and substance abuse who are depressed who have attempted suicide or who have been sexually assaulted Youth workers and probation officers need to recognize the multiple problems in which their charges may be involved such as sexual risk taking substance abuse delinquency and violence This handbook provides all the information necessary for all professionals working with adolescents to understand and recognize their major psychosocial problems Each chapter is written by an experienced clinician or research scientist who is a recognized expert in his or her field Topics include family problems substance abuse head injury attention deficit hyperactivity disorder depression suicide gang involvement antisocial behavior reproductive health sexual and physical abuse eating disorders and psychosis

Contemporary Approaches to Psychotherapy and Counseling Joseph F. Burke, 1989 TABLE OF CONTENTS 1 Introduction 2 The therapeutic process 3 An intellectual history of psychotherapy and counseling 4 Self regulation and behavior therapy theoretical and practical foundations 5 Contemporary behavior therapy techniques 6 Maturity and insight therapy theoretical and practical foundations 7 Contemporary insight therapy psychoanalytic approaches 8 Contemporary insight therapy Self actualization approaches 9 Family therapy 10 Comprehensive approaches to psychotherapy and counseling **The**

Supervisory Process in Speech-language Pathology and Audiology Jean L. Anderson, 1988 Planned Short-term Psychotherapy Bernard L. Bloom, 1997 This book provides in a comprehensive integrative analytic and evaluative overview of the field of planned short term psychotherapy that will be of great benefit to therapists already in practice The author considers both clinical and methodological issues pertinent to planned short term psychotherapy and he examines this emerging field in terms of its health policy implications Emphasis is placed on actual as well as potential contributions of planned short term psychotherapy to the field of clinical mental health practice After describing the history of the field and examining the outcome studies that have evaluated brief psychotherapy the author introduces and describes 17 different approaches This is followed by a look at planned short term psychotherapy in five different clinical settings including medical settings and group and family settings The final two chapters deal with general issues that affect the field For professionals

working in the field of psychology psychotherapy **The Tools & Techniques of Financial Planning** Stephan R.
