Plant-Parasitic Nematodes of Coffee Ricardo M. Souza,2008-09-02 When I conceived this book what I had in mind was what I did not know about coffee parasitic nematodes CPNs Indeed after reading many papers and several chapters in books I felt far from having a comprehensive understanding of the subject Not only would it be a daunting task to retrieve the numerous articles reports theses and dissertations on CPNs published since 1878 but it would also be impossible to learn on my own from all the enormous experience acquired by nematologists and coffee growers in so many countries Therefore this book is dedicated to those with restless minds who want to know more about CPNs and their importance in coffee production worldwide This book has been diligently written by top scientists in their areas of expertise or country and it has been meticulously edited to guarantee precision without compromising an enjoyable read I learned a lot from this book I m
