Louisiana Sugar Plantations During the Civil War Charles P. Roland, 1997-11-01 This early work by the esteemed historian Charles P Roland draws from an abundance of primary sources to describe how the Civil War brought south Louisiana s sugarcane industry to the brink of extinction and disaster to the lives of civilians both black and white A gifted raconteur Roland sets the scene where the Louisiana cane country formed a favored and colorful part of the Old South and then unfolds the series of events that changed it forever secession blockade invasion occupation emancipation and defeat Though sugarcane survived production did not match prewar levels for twenty five years Roland s approach is both illustrative of an earlier era and remarkably seminal to current emancipation studies He displays sympathy for plantation owners losses but he considers as well the sufferings of women slaves and freedmen yielding a rich study of the social cultural economic and agricultural facets of Louisiana s sugar plantations during the Civil War Plantations Around the World Sue L.
