Gardening series but the gardener cum herbalist is going to get an even more extensive knowledge about how to make a full  
fledged herbal garden in this book Perfumes juices oils and other products extracted from seeds leaves shoots and bark of  
the herbs have been used since the earliest times in religious ceremonies and in cooking Magicians used them in making  
mysterious potions to impress the credulous public Herb essential oils along with parts of herbs have long been in use down  
the millenniums to make natural beauty products The oracles of Delphi were women who had been intoxicated on fumes of  
deadly nightshade which would make them hallucinate And then with bay leaves in their mouths these leaves were  
considered sacred to Apollo they used to predict the future No wonder not many could understand them or interpret their  
sayings So each hearer chose the one which suited his requirements the best and believed the Gods had spoken Today these  
herbs are usually grown for their great value in cooking That is why it is well worth finding a small place for herbs in any  
garden The 21st century world is also slowly and steadily getting back to the idea that the herbal remedies which were used
