Victoria & Albert Museum

# Plastic Age Modernity To Postmodernity

**Penny Sparke**

## **Plastic Age Modernity To Postmodernity:**

American Plastic Jeffrey L. Meikle, 1995 Meikle traces the course of plastics from 19th century celluloid and the first wholly synthetic bakelite in 1907 through the proliferation of compounds vinyls acrylics nylon etc and recent ecological concerns PUBLISHERS WEEKLY Winner of the 1996 Dexter Prize from the Society for the History of Technology and a 1996 CHOICE Outstanding Academic Book 70 illustrations *The Plastics Age* Penny Sparke, 1993 A history of plastic products from the late 19th century to the present in 15 essays and 150 color and black and white photographs mostly of objects in major museums around the world The text is basically chronological exploring such topics as industrial design and commercial art perceptions of plastic natural and cultural wood and pop culture Annotation copyright by Book News Inc Portland OR **The Victoria and Albert Museum** Victoria and Albert Museum, 1998 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company Das Scheitern des grünen Kapitalismus Philipp Degens, Sigward Neckel, 2025-12-02 Der grüne Kapitalismus verspricht die ökologische Krise durch technische Innovationen und marktwirtschaftliche Instrumente in den Griff zu bekommen Doch die bisherige Bilanz dieses Versprechens ist ernüchternd Seit die Konzepte des grünen Wachstums und ökologisch ausgerichteter Märkte vor mehr als 20 Jahren entwickelt worden sind hat sich die Zerstörung der Ökosysteme ungebremsst fortgesetzt und teils beschleunigt Zudem vermag es der grüne Kapitalismus nicht notwendige gesellschaftliche Voraussetzungen einer sozial ökologischen Transformation zu schaffen Während ökologische Katastrophen die Welt erschüttern vertieft sich die soziale Ungleichheit in bisher nicht gekanntem Maße Der Band stellt Analysen dieses bisherigen Scheiterns vor und erkundet gegenwärtige Aussichten einer ökologischen Modernisierung Zudem fragt er nach Alternativen die stärker auf demokratische Planung und gesellschaftliche Kooperation setzen <https://creativecommons.org/licenses/by-nc-nd/4.0/legalcode> **The Routledge Handbook of Archaeology and Plastics** Genevieve Godin, Þóra Pétursdóttir, Estelle Praet, John Schofield, 2024-09-17 The Routledge Handbook of Archaeology and Plastics investigates the archaeology of the contemporary world through the lens of its most distinguishing and problematic material Plastics are ubiquitous and have been so for nearly three generations since they became widely used in the early 1950s Plastics will persist for millennia their legacies as toxic heritage being felt deep into the future In this book comprising 32 original at times disturbing and critically engaged contributions scholars from archaeology and other cognate disciplines explore plastics from a number of different angles and perspectives Together these contributions highlight the dilemma that plastics present their usefulness on the one hand and the threats they present to environmental health on the other The volume also explores the lessons that archaeologists can learn from plastics about episodes of mass production consumption and toxicity in the past and also importantly about the future This important and timely collection will therefore be of interest to all archaeologists irrespective of their period of study or their geographical focus and to students of archaeology and cultural heritage It will also be relevant for researchers and students in other fields of study that focus on

plastics and their environmental and social impacts Ultimately this book concerns the contemporary world and the impact of people upon it through the archaeological lens *Designing with Natural Materials* Graham A. Ormondroyd, Angela F. Morris, 2018-09-03 In a world now forced to address the issues of sustainability environmental impact and the widespread pollution of land and oceans with manmade materials alternative resources must be considered for the future of the planet A vast array of natural materials is available throughout the world with properties that are often superior to the man made alternatives *Designing with Natural Materials* fills the gap between the current scientific knowledge of the use of natural materials and product design and acts as a bridge between the two disciplines The book serves as an introduction to natural materials within the context of design The chapters include case studies research and a historical perspective It develops ideas of designing with natural materials in specific areas and looks to the future of new biobased materials and how these will influence design The work offers insight to designers of biobased materials across a range of different design disciplines while also providing insights to scientists on the process of design production and the needs of a material beyond those traditionally analyzed in the laboratory The final chapters touch on the use of bioinspiration and biomimicry in the development and use of biobased materials and how natural design will influence both material design and products in the future The book will be of interest to engineers scientific researchers professional designers students those working in industry who are considering using natural materials as an alternative to current unsustainable options and anyone who has an interest in the subject

**Mediating Sustainability in the Consumer Society** Astrid Skjerven, Lisbeth Løvbak Berg, Liv Merete Nielsen, Dagny Stuedahl, 2024-12-30 This book sheds light on the role and impact of sustainability mediation an effective tool for political authorities and business enterprises to persuade consumers of the integrity of their actions products and services In this era of ecological and societal crises fuelled by increasing consumption sustainability has become a key buzzword and target to attain Governments around the world argue that they will meet their sustainability goals through environmental actions by enabling consumers to make better choices and expecting brands to respond accordingly At the same time consumers are overwhelmed by the messaging conveyed in sustainability marketing campaigns often featuring misleading greenwashing with political authorities organisations and business enterprises all having conflicting interests In this complex scenario mediation has become a crucial issue This book offers a critical and multidisciplinary view of sustainability mediation from experts in the fields of philosophy consumption research media studies fashion design and citizenship offering a unique holistic view Each chapter highlights different and problematic aspects of the cultural narratives being communicated for example the necessity of growth and the notion of a green economy They present current theories methods indicators and strategies used to assess and measure the relation between mediation behaviour and sustainable development This book is of interest to scholars researchers and postgraduate students in all subject fields concerned with sustainability including design visual communication fashion consumption media and

journalism and sustainable development      ~**THEœ PLASTICS AGE**. Penny Sparke,1990      **Provocative Plastics** Susan Lambert,2021-01-07 Plastics have now been our most used materials for over fifty years This book adopts a new approach exploring plastics contribution from two perspectives as a medium for making and their value in societal use The first approach examines the multivalent nature of plastics materiality and their impact on creativity through the work of artists designers and manufacturers The second perspective explores attitudes to plastics and the different value systems applied to them through current research undertaken by design materials and socio cultural historians The book addresses the environmental impact of plastics and elucidates the ways in which they can and must be part of the solution The individual viewpoints are provocative and controversial but together they present a balanced and scholarly unpicking of the debate that surrounds this ubiquitous group of materials The book is essential reading for a wide academic readership interested in the Arts and Humanities especially Design and Design History Anthropology and Cultural Material and Social Histories

*An Introduction to Design and Culture* Penny Sparke,2019-08-28 *An Introduction to Design and Culture* provides a comprehensive guide to the changing relationships between design and culture from 1900 to the present day with an emphasis on five main themes Design and consumption Design and technology The design profession Design theory Design and identities This fourth edition extends the traditional definition of design as covering product design furniture design interior design fashion design and graphic design to embrace its more recent manifestations which include service design user interface design co design and sustainable design among others It also discusses the relationship between design and the new media and the effect of globalisation on design Taking a broadly chronological approach Professor Sparke employs historical methods to show how these themes developed through the twentieth century and into the twenty first century and played a role within modernism postmodernism and beyond Over a hundred illustrations are used throughout to demonstrate the breadth of design and examples among them design in Modern China the work of Apple Computers Ltd and design thinking are used to elaborate key ideas The new edition remains essential reading for undergraduate and postgraduate students of design studies cultural studies and visual arts      Multimodality and Identity Theo van Leeuwen,2021-07-28 This book brings together the work of leading theorist Theo van Leeuwen on typography colour texture sound and movement and shows how they are used to communicate identity both corporate and individual The book provides a detailed approach to analysing the key elements of multimodal style and shows how these can be applied to a wide range of domains including typography product design architecture and animation films Combining sociological insights into contemporary forms of identity with multimodal approaches to analysing how these identities are expressed the text is richly illustrated with examples from fashion the built environment logos modern art and more With sample analyses this user friendly text provides clear methods for analysis and creative strategies for the practice of multimodal communication Providing an invaluable toolkit to analysing the key elements of multimodal design and the way they work together this book is essential

reading for students teachers and researchers in the field of multimodal communication whether in communication studies linguistics design studies media studies or the arts     *Design & Applied Arts Index* ,1991     **Blueprint** ,1997     Art Aurea ,1990     *Aluminum By Design* Sarah C. Nichols, Elisabeth R. Agro, Elizabeth Teller, Paola Antonelli, 2000-10 Demonstrates how aluminum s essential qualities of brilliance strength light weight ease of recycling have made it not only ubiquitous in daily life but also irresistible to some of the world s most visionary artists     *Design Issues* ,2004     **Artbibliographies Modern** ,1999     *As Long as It's Pink* Penny Sparke, 1995 Why do car manufacturers use paisley interiors to sell their products to women and does it work Is women s taste really different to men s Who says so And does it matter In this highly original book Penny Sparke uses familiar objects of our everyday environments furniture cars and domestic appliances and interiors to look at how taste has become a gendered issue in our culture Ever since the industrial revolution the cluttered interior has been associated with femininity while the minimal forms of modernist architecture have acted as markers of a masculine aesthetic As Long as It s Pink argues that taste has been a quality assigned to women while design is a man made construction which has taken aesthetic authority away from women This in turn has succeeded in trivializing and marginalizing women s material culture Ranging across histories of domesticity feminine consumption and home making as well as modern design and broader cultural theories Penny Sparke offers a completely new version of the history of our modern material culture     **Annual Bibliography of Modern Art** Museum of Modern Art (New York, N.Y.). Library, 1994     Plastic Dreams Charlotte Fiell, Peter Fiell, 2009 Plastic dreams raises the aesthetic perception of plastics and celebrates their nobility as materials by bringing together an exquisite survey of landmark product designs in plastics from Bakelite in the 1920s to the latest techno polymers today cover

Yeah, reviewing a book **Plastic Age Modernity To Postmodernity** could build up your near links listings. This is just one of the solutions for you to be successful. As understood, capability does not recommend that you have fantastic points.

Comprehending as well as concurrence even more than supplementary will come up with the money for each success. neighboring to, the publication as without difficulty as perspicacity of this Plastic Age Modernity To Postmodernity can be taken as with ease as picked to act.
