**A History of the Humanities in the Modern University** Sverre Raffnsøe, 2024-03-27 This book challenges commonplace assertions that the humanities are presently undergoing a severe crisis as a result of a longstanding decline Rather than hearkening to the widespread reactive call for a last ditch defense of the humanities under attack from an ungracious world this book fundamentally reverses the perspective and makes a plea for a different affirmative approach It contends that the humanities have incessantly arrived at critical turning points since they were first constituted in a form

that remains recognizable today and assumed a leading role in knowledge organization with the establishment of the modern university around 1800 Assuming a historical perspective the monograph takes the human sciences back to their rightful place in the family tree of sciences and gives due recognition to their continuously decisive role in the production of new knowledge and the creation of new fields of knowledge Situating the ongoing gemmation of the humanities in a broader context this monograph also offers an encompassing introduction to the over all development of knowledge in the last two hundred years
