## **Platonic Studies:**

**Platonic Studies** Gregory Vlastos, 1973-12-21 This book consists of Gregory Vlastos studies on a variety of themes in Plato's metaphysics epistemology ethics and social philosophy Although many of the essays have appeared in various philosophical and classical journals or symposia new in the volume are two major studies One is on Plato's theory of love exploring its metaphysical dimension and its far reaching implications for personal and political relations The other centers on semantic and logical problems in the Sophist it offers solutions to crucial difficulties in this fundamental Platonic work In these essays the author presents ideas which are likely to provoke comment and may be discussed as vigorously in scholarly journals as has some of his earlier work The other papers some of them extensively revised comprise virtually all the author's published work on Plato with the exception of a few papers easily accessible elsewhere This second edition includes three additional essays and extensive notes that were not included in the original edition *Platonic Studies* Gregory

Vlastos, 2021-03-09 This book consists of Gregory Vlastos studies on a variety of themes in Plato's metaphysics epistemology ethics and social philosophy Although many of the essays have appeared in various philosophical and classical journals or symposia new in the volume are two major studies One is on Plato's theory of love exploring its metaphysical dimension and its far reaching implications for personal and political relations The other centers on semantic and logical problems in the Sophist it offers solutions to crucial difficulties in this fundamental Platonic work In these essays the author presents ideas which are likely to provoke comment and may be discussed as vigorously in scholarly journals as has some of his earlier work The other papers some of them extensively revised comprise virtually all the author's published work on Plato with the exception of a few papers easily accessible elsewhere This second edition includes three additional essays and extensive notes that were not included in the original edition Platonic Studies of Greek Philosophy Robert Sherrick

Brumbaugh, Robert S.. Brumbaugh, 1989-01-01

**Socratic Wisdom : The Model of Knowledge in Plato's Early**

**Dialogues** Hugh H. Benson Professor of Philosophy University of Oklahoma, 2000-01-05 While the early Platonic dialogues have often been explored and appreciated for their ethical content this is the first book devoted solely to the epistemology of Plato's early dialogues Author Hugh H Benson argues that the characteristic features of these dialogues Socrates method of questions and answers elenchos his fascination with definition his professions of ignorance and his thesis that virtue is knowledge are decidedly epistemological In this thoughtful study Benson uncovers the model of knowledge that underlies these distinctively Socratic views What emerges is unfamiliar yet closer to a contemporary conception of scientific understanding than ordinary knowledge The Platonic Political Art John R. Wallach, 2015-12-16 In this first comprehensive

treatment of Plato's political thought in a long time John Wallach offers a critical historicist interpretation of Plato Wallach shows how Plato's theory while a radical critique of the conventional ethical and political practice of his own era can be seen as having the potential for contributing to democratic discourse about ethics and politics today The author argues that Plato

articulates and solves his Socratic Problem in his various dialogues in different but potentially complementary ways The book effectively extracts Plato from the straightjacket of Platonism and from the interpretive perspectives of the past fifty years principally those of Karl Popper Leo Strauss Hannah Arendt M I Finley Jacques Derrida and Gregory Vlastos The author's distinctive approach for understanding Plato and he argues for the history of political theory in general can inform contemporary theorizing about democracy opening pathways for criticizing democracy on behalf of virtue justice and democracy itself

Rethinking Plato Necip Fikri Alican, 2012 Preliminary Material INTRODUCTION LIFE OF PLATO THOUGHT OF PLATO WORKS OF PLATO EUTHYPHRO APOLOGY CRITO PHAEDO CONCLUSION WORKS CITED BIBLIOGRAPHIC GUIDE TO FURTHER STUDY ABOUT THE AUTHOR INDEX OF NAMES INDEX OF SUBJECTS VIBS

**Plato's Socrates as Narrator** Anne-Marie Schultz, 2013-06-07 This book explores Socrates' role as narrator of the *Lysis* *Charmides* *Protagoras* *Euthydemus* and *Republic* New insights about each dialogue emerge through careful attention to Socrates' narrative commentary These insights include a re-reading of the aporetic ending of the *Lysis* a view of philosophy as a means of overcoming tyranny in the *Charmides* a reconsideration of virtue in the *Protagoras* an enhanced understanding of *Crito* in the *Euthydemus* and an uncovering of two models of virtue cultivation self-mastery and harmony in the *Republic* This book presents Socrates' narrative commentary as a mechanism that illustrates how the emotions shape Socrates' self-understanding his philosophical exchanges with others and his view of the Good As a result this book challenges the dominant interpretation of Socrates as an intellectualist It offers a holistic vision of the practice of philosophy that we would do well to embrace in our contemporary world

**The Third Way** Francisco J. González, Francisco J. Gonzalez, 1995 The study of Plato's dialogues has traditionally oscillated between two paradigms one that portrays the dialogues as treatises expounding doctrines and one that sees them as purely skeptical rhetorical or literary This collection of new essays by twelve noted Plato scholars illustrates the fruitfulness of breaking away from those paradigms which have divided Platonic scholarship and led it to a number of dead ends While the essays are diverse in their approaches each seeks to find a third way to understand Plato reading him as neither a dogmatist nor a skeptic but as a philosopher capable of reconciling the content and form of his writings
