**Understanding Mozart's Piano Sonatas** John Irving, 2016-02-24 Mozart's piano sonatas are among the most familiar of his works and stand alongside those of Haydn and Beethoven as staples of the pianist's repertoire. In this study John Irving looks at a wide selection of contextual situations for Mozart's sonatas focusing on the variety of ways in which they assume identities and achieve meanings. In particular the book seeks to establish the provisionality of the sonatas' notated texts suggesting that the texts are not so much identifiers as possibilities and that their identity resides in the usage. Close attention is paid to reception matters: analytical approaches, organology, the role of autograph manuscripts, early editions and editors and aspects of historical performance practice, all of which go beyond the texts in opening windows onto Mozart's sonatas. Treating the sonatas collectively as a repertoire rather than as individual works, the book surveys broad thematic issues such as the role of historical writing about music in defining a generic space for Mozart's sonatas, their construction within pedagogical traditions, the significance of sound as opposed to sight in these works and in particular their sound on fortepianos of the later eighteenth century and the creative role of the performer in their representation beyond the frame of the text. Drawing together and synthesizing this wealth of material, Irving provides an invaluable reference source for those already familiar with this repertoire.

**Theological Anthropology in Mozart's La clemenza di Tito** Steffen Lösel, 2022-07-13 This book asks what theological messages theologically educated Catholics in late eighteenth century Prague might have perceived in Mozart's late opera seria *La clemenza di Tito*. The book's thesis is two-fold: first that Catholics might have heard the opera's advocacy of enlightened absolutism as a celebration of a distinctly Catholic understanding of political governance and second that they might have found in the opera a metaphor for the relationship between a gracious God and humanity caught up in sin expressed as sexual concupiscence, pride and lust for power. The book develops its interpretation of the opera through narrative character analyses of the main protagonists, an examination of their dramatic development and by paying attention to the biblical and theological associations they may have evoked in a Catholic audience. The book is geared towards academic readers interested in opera, theologians, historians and those who work at the intersection of theology and the arts. It contributes to a better understanding of the theological implications of Mozart's operatic work. **Oxford**

**Handbook of Japanese Linguistics** Shigeru Miyagawa, Mamoru Saito, 2008-11-03 Over the past twenty years or so the work on Japanese within generative grammar has shifted from primarily using contemporary theory to describe Japanese to contributing directly to general theory on top of producing extensive analyses of the language. The *Oxford Handbook of Japanese Linguistics* captures the excitement that comes from answering the question: What can Japanese say about Universal Grammar? Each of the eighteen chapters takes up a topic in syntax, morphology, acquisition, processing, phonology or information structure and first of all lays out the core data followed by critical discussion of the various approaches found in the literature. Each chapter ends with a section on how the study of the particular phenomenon in Japanese contributes to our

knowledge of general linguistic theory This book will be useful to students and scholars of linguistics who are interested in the latest studies on one of the most extensively studied languages within generative grammar *The Galaxy* William Conant Church,1874 Mozart's Early Days Franz Hoffmann,1873 Selections for German Composition Charles Harris,1890 *Music-study in Germany* Amy Fay,1885 Dictionary of Music and Musicians George Grove,1898 A Dictionary of Music and Musicians George Grove,1883 *A Dictionary of Music and Musicians (A.D. 1450-1889)* George Grove,1883 *Dictionary of Music and Musicians* Sir George Grove,John Alexander Fuller-Maitland,1895 "A" Dictionary of Music and Musicians (A.D. 1450-1883) ...
