In every age and in every country there are always those few individuals who seek more satisfying answers to the great questions of Life than they can find in their local churches and temples or through science. If their quest is sincere and they persist they will eventually be drawn into contact with one of the world's Mystery Schools where they may be instructed and trained. There have always been centers called Mystery Schools responding to the cry for understanding from aspirants throughout the ages. Today such close secrecy is no longer necessary. Much may now be given out openly which formerly could be imparted only in private and by word of mouth. The greatest secrets however can never be transmitted by written or spoken word. That secrecy which guards the deepest esoteric knowledge is not imposed by the custodians of Ageless Wisdom but by human ignorance. It is the kind of secrecy which shrouds the work of great scientists such as Bohr, Curie, Einstein, Edison and others. This secrecy does not result from any deliberate withholding but rather from a mass ignorance and consequent inability to understand the concepts and reasoning required by advanced science. The custodians of Ageless Wisdom can no more disclose their knowledge to untrained men and women than great scientists can explain their theories of the universe to children who are still in kindergarten. *How to Judge a Nativity: The synthesising of the horoscope* Alan Leo, 1908. The Future of Astrology A.T. Mann, 2004-01-01. The Future of Astrology is a selection of essays written by some of the foremost astrologers in the world today. Topics explored include astrology and scientific research, psychology, biology and economics, science versus astrology, the professionalism of practitioners, the politics of astrology, the insights offered by esoteric astrology, astrological organizations, astrology as a science, the role of counseling and astrological predictions about the future of our world. *The Symbolism of Astrology* Alan Leo, 2005-12. This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important we have made it available as part of our commitment for protecting, preserving and promoting the world's literature in affordable, high quality, modern editions that are true to the original work. Esoteric Astrology Ann Davies, 2021-01-22. This volume contains two books on Esoteric Astrology with the same name. *Esoteric Astrology* First by Ann Davies with many lessons given to BOTA students and another by Alice Bailey. *Greek Horoscopes* Otto Neugebauer, Henry Bartlett Van Hoesen, 1987. Greek horoscopes are made available for study. According to the authors, about 60 horoscopes from the first five centuries of our era have been published since Young 1828 and Champollion Figeac 1840 in the papyrological literature. They collected all horoscopes from this material and added a few unpublished pieces that were put at their disposal at the time this title originally printed in 1959. What Do We Mean by Astrology?
